3 reviews of The Paper Doctor "Devin helped me edit several articles for publication. I was looking for someone who could help me with anything from just a few edits to a complete overhaul of my writing, if needed. There was an article, in particular, in which we tore it down and started from scratch. He has incredible attention to detail! The whole process helped me to organize my thinking ...

Paper Doctors. Dr Vernon Coleman MB ChB DSc FRSA. In 1977, I wrote a book called Paper Doctors. The premise was that medical researchers have produced so much research that doctors miss vital stuff. My conclusion was that all research should be stopped while we sorted out what we had. We drown in research discoveries and the really useful stuff is swamped.

Paper Doctors - Vernon Coleman

An English engineer, Doctor Frederick Vickery, invented the paper machine doctor in 1909. It is generally assumed that the name "doctor" stands for Doctor Vickery's title.

White paper: Doctoring 101

Doctoring is an important element in paper machine functionality, sheet quality and productivity. Doctors are basically scraping equipment required in many positions on a paper machine and coater to remove contaminants or water from the rolls and for special functions like creping and coating.

Travel with the Doctor in this essential companion for the modern Doctor Who era Since its return to British television in 2005, through its 50th anniversary in 2013, to its historic casting of actress Jodie Whittaker in the title role, Doctor Who continues to be one of the most popular series in Britain and all over the world. Who Is The Doctor 2 is a guide to the new series of Doctor Who starring Matt Smith, Peter Capaldi, and Jodie Whittaker. Every episode in series 7 to 11, as well as the 50th anniversary specials, is examined, analyzed, and discussed in thoughtful detail, highlighting the exhilarating moments, the connections to Doctor Who lore, the story arcs, the relationships, the goofs, the accumulated trivia and much, much more. Designed for die-hard Whovians and Who newbies alike, Who Is The Doctor 2 explores time and space with the Doctor and chronicles the imagination that has made Doctor Who an iconic part of culture for over 50 years.

Featuring some of the show's most iconic looks, Doctor Who Paper Dolls is fun, immersive and totally addictive.

The New York Times Science Bestseller from Robert Wachter, Modern Healthcare□s #1 Most Influential Physician-Executive in the US While modern medicine produces miracles, it also delivers care that is too often unsafe, unreliable, unsatisfying, and impossibly expensive. For the past few decades, technology has been touted as the cure for all of healthcare□s ills. But medicine stubbornly resisted computerization □ until now. Over the past five years, thanks largely to billions of dollars in federal incentives, healthcare has finally gone digital. Yet once clinicians started using computers to actually deliver care, it dawned on them that something was deeply wrong. Why were doctors no longer making eye contact with their patients? How could one of America□s leading hospitals give a teenager a 39-fold overdose of a common antibiotic, despite a state-of-the-art computerized prescribing system? How could a recruiting ad for physicians tout the absence of an electronic medical record as a major selling point? Logically enough, we□ve pinned the problems on clunky software, flawed implementations, absurd regulations, and bad karma. It was all of those things, but it was also something far more complicated. And far more interesting . . . Written with a rare combination of compelling stories and hard-hitting analysis by one of the nation□s most thoughtful physicians, The Digital Doctor examines healthcare at the dawn of its computer age. It tackles the hard questions, from how technology is changing care at the bedside to whether government intervention has been useful or destructive. And it does so with clarity, insight, humor, and compassion. Ultimately, it is a hopeful story. "We need to recognize that computers in healthcare don□t simply replace my doctor□s scrawl with Helvetica 12," writes the author Dr. Robert Wachter. "Instead, they transform the work, the people who do it, and their relationships with each other and with patients. . . . Sure, we should have thought of this sooner. But it□s not too late to get it right." This riveting book offers the prescription for getting it right, making it essential reading for everyone □ patient and provider alike □ who cares about our healthcare system.

A blank notebook to help you keep organized during your busy day. This 6x9 notebook with 100 pages of lined paper is the perfect size to carry around with you and keep in your purse or bag. It's great for taking notes, making lists, journaling, or using as a diary. It also makes a great gift idea! SIZE: 6x9 inches PAPER: 100 pages of lined paper COVER: Soft cover

"If Julian has not already won readers' hearts with his [earlier] exploits, he will here when he tries to find out his father's secret dream for a birthday present. Surprised at hearing his father mumble 'two snakes,' Julian duly catches and presents them, only to discover that snakes are his father's recurring nightmare. Cameron's style is elegantly smooth and the characters come alive through easy dialogue and involving action."--Bulletin, Center for Children's Books.

□A lovely, lethal, disturbing novel□ of the dashed hopes of post-apartheid South Africa and the small betrayals that doom a friendship (The Guardian). An extraordinary parable of the corruption of the flesh and spirit, The Good Doctor has inspired enthusiastic interest around the world and has assured Damon Galgut□s place as a major international talent. When Laurence Waters arrives at his new post at a deserted rural hospital, staff physician Frank Eloff is instantly suspicious. Laurence is everything Frank is not□young, optimistic and full of big ideas. The whole town is beset with new arrivals and the return of old faces. Frank reestablishes a liaison with a woman, one that will have unexpected consequences. A self-made dictator from apartheid days is rumored to be active in cross-border smuggling, and a group of soldiers has moved in to track him, led by a man from Frank□s own dark past. Laurence sees only possibilities□but in a world where the past is demanding restitution from the present, his ill-starred idealism cannot last. □Galgut□s prose, its gentle rhythms and straightforward sentences edging toward revelation, is utterly seductive and suspenseful . . . Galgut is a master of psychological tension. . . . Tragic and brilliant.□ □The Globe and Mail
