Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

What can you bench? Can I skip leg day? Do you even lift, bro? At long last, these pressing questions asked by bros around the world will be answered in The Swoly Bible. Inspired by the massively popular YouTube channel BroScienceLife, The Swoly Bible is a humorous guide to gym culture, authored by lovable meathead (and hilarious fictional persona) Dom Mazzetti. In it, the Professor will dissect important topics and offer helpful lifting tips. With illustrations and charts throughout, this laugh-out-loud parody is the perfect gift book for those in your fitfam.

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

With a New Chapter and Updated Epilogue on Coronavirus A Financial Times Best Health Book of 2019 and a New York Times Book Review Editors' Choice "Honigsbaum does a superb job covering a century's worth of pandemics and the fears they invariably unleash." —Howard Markel, MD, PhD, director of the Center for the History of Medicine, University of Michigan How can we understand the COVID-19 pandemic? Ever since the 1918 Spanish influenza pandemic, scientists have dreamed of preventing such catastrophic outbreaks of infectious disease. Yet despite a century of medical progress, viral and bacterial disasters continue to take us by surprise, inciting panic and dominating news cycles. In The Pandemic Century, a lively account of scares both infamous and less known, medical historian Mark Honigsbaum combines reportage with the history of science and medical sociology to artfully reconstruct epidemiological mysteries and the ecology of infectious diseases. We meet dedicated disease detectives, obstructive or incompetent public health officials, and brilliant scientists often blinded by their own knowledge of bacteria and viruses—and see how fear of disease often exacerbates racial, religious, and ethnic tensions. Now updated with a new chapter and epilogue.

"The official style guide used by the writers and editors of the world's most authoritative news organization."

Understandable and useful, Managing Lakes and Reservoirs addresses the enormous amount of information on lake management that has developed in the decade since the publication of the manual's first two editions (Lake and Reservoir Restoration Guidance Manual, 1988 and 1990). The first two manuals dealt primarily with restoration of lakes, but this third edition moves beyond restoration issues to focus on ongoing management of lakes and processes that communities of citizens, policymakers, scientists, and enforcement agencies can use to achieve desired outcomes for their local lakes. Distributed for the North American Lake Management Society

THERE'S ONLY ONE THING THAT COOLIO'S BEEN DOING LONGER THAN RAPPING: COOKING Coolio started making thirty-minute meals when he was ten years old and has since developed a whole new cuisine: Ghetto Gourmet. His recipes are built around solid comfort foods with a healthy twist that don't break the bank. Start your Ghetto Gourmet adventure with some "Soul Rolls," follow-up with "Finger-Lickin', Rib-Slickin', Fall-Off-the-Bone-and-into-Your-Mouth Chicken," and finish off with "Banana Ba-ba-ba-bread" sweetened with golden honey. Chapters such as "How to Become a Kitchen Pimp," "Chillin' and Grillin'," and "Pasta Like a Rasta" will guide you through creating 5 star meals at a 1 star price. You can't find fusions like Blasian (black Asian) or Ghettalian (ghetto Italian) in restaurants, but you can have them cooking away in your kitchen faster and easier than ordering takeout. As Coolio says, "All you need is a little bit of food, and a little bit of know-how."
