Understanding
Global Environmental
Politics develops a
new, critical
approach to global
environmental
politics. It argues that
the major power
structures of world
politics are deeply

Download Free 1998 Renault

problematic in ecological terms, and that they cannot be easily used to resolve major environmental challenges such as global warming. Instead of simply advocating the construction of new international institutions to respond to such challenges, therefore,

Download Free 1998 Renault

the book argues that
the construction of
alternative social and
political structures in
necessary.
