The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today's world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post's Etiquette offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us. Ultimately, being considerate, respectful, and honest is what's really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it's a handshake, a hug, or a friend request, it's the underlying sincerity and good intentions behind any action that matter most.

Associationism and the Literary Imagination traces the influence of empirical philosophy and associationist psychology on theories of literary creativity and on the experience of reading literature. It runs from David Hume's Treatise of Human Nature in 1739 to the works of major literary critics of the twentieth century, such as I.A. Richards, W.K. Wimsatt and Northrop Frye. Cairns Craig explores the ways in which associationist conceptions of literature gave rise to some of the key transformations in British writing between the romantic and modernist periods. In particular, he analyses the ways in which authors' conceptions of the form of their readers' aesthetic experience led to radical developments in literary style, from the fragmentary narrative of Sterne's Tristram Shandy in 1760 to Virginia Woolf's experiments in the rendering of characters' consciousness in the 1920s; and from Wordsworth's poetic use of autobiography to J.G. Frazer's exploration of a mythic unconscious in The Golden Bough. Detailed analyses are offered of the ways in which a wide variety of major British writers, including Scott, Lady Morgan, Dickens, Tennyson, Hardy, Yeats, Joyce and Woolf developed their literary techniques on the basis of associationist conceptions of the mind, and of how modern literary criticism - from Arthur Symonds to Roland Barthes - is founded on associationist principles. Associationism and the Literary Imagination relocates the traditions of British writing since the eighteenth century within the neglected context of its native empirical philosophy, and reveals how many of the issues assumed to be products of 'postmodern' or 'deconstructive' theory have long been foregrounded and debated within the traditions of British empiricism. This is a work which provides a radical new perspective on the history of literature in Britain and Ireland and challenges many of the assumptions of contemporary theoretical debate about the
