reveal the enduring value of each tactic in clear and compelling descriptions and analysis. How can you draw your enemy off-balance? When is the best moment to deliver a counterattack? What is the effect of shock action or defense in depth? This book shows how certain tactical concepts have stood the test of time. It illustrates how General Robert E. Lee, although heavily outnumbered, achieved a remarkable victory through an audacious flanking maneuver at Chancellorsville in 1863, and how the same bold move had been used effectively in Europe more than 600 years before by the king of France at Bouvines. It examines how Allied armies seized and retained the initiative through the airborne landings in Normandy in 1944, and how Soviet General Zhukov pierced enemy lines using Blitzkrieg tactics in Mongolia in 1939. The book features evocative photographs, illustrations, and paintings, and 28 specially commissioned battle plans.

In this inspiring guide to successful leadership, New York Times bestselling author John C. Maxwell shares his tried and true principles for maximum personal growth. reconstruction to Biblical studies. It enables the reader to produce prior drafts of Hebrew and Christian Scriptures, thereby allowing the reader to apply the literary science of genetic criticism to a book in the Bible. How John Wrote the Book of Revelation takes the most difficult book to understand in the Christian Scriptures and reveals the sequence in which it was written, from the very first line to the final parallel. This provides the reader, for the first time, with the experience of observing how a Biblical book was written, and does this from an intimate perspective, as though they were looking over John's shoulders as he crafted it. How John Wrote the Book of Revelation is the first book that teaches the reader how to read Revelation the way it was written. After centuries of blind guess work trying to divine meaning, and weak interpretations of symbols, this book finally presents a clear, precise, and consistent method. It is a guidebook to identify all the rich symbols and their meanings within Revelation. Inside the pages of this book is the all-encompassing theory of construction for the book of Revelation. It includes three prior drafts of the book of Revelation, along with hundreds of charts and illustrations. How John Wrote the Book of Revelation is like no other book that has been written before, and sets a new paradigm for all Biblical works.

What does it take to win with people? Does an individual have to be born with an outgoing personality or a great sense of intuition to succeed relationally? When it comes to people skills, are there simply the haves and the have-nots?and we just have to accept whatever abilities God has given us? In this interactive workbook, great for individual or group study, best-selling author John C. Maxwell helps you answer these questions while leading you through the 25 People Principles, which are designed to help make you relationally successful. Features include: Questions for in-depth study and reflection Insightful quotes A system to help you learn and understand the 25 Key People Principles In life, the skills you use and the people you choose will make or break you. Winning with People Workbook divided the 25 People Principles according to five critical questions we must ask ourselves if we want to win with people: Readiness: Are we prepared for relationships? Connection: Are we willing to focus on others? Trust: Can we build mutual trust? Investment: Are we willing to invest in others? Synergy: Can we create a win-win relationship? Learn and practice the 25 People Principles and you will not only be able to answer each of these questions in a positive way, but you will become skillful relationally?able to build healthy, effective, and fulfilling relationships. And once you can do that, you will become the kind of person who makes others successful too!
