The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

Before she can rest in peace, Charlotte Usher must return to the tragic site of her death: high school. Once there, her assignment is to help a designated teen solve a personal problem in time for the all-important prom. But no one explained what happens if you fall in love with your class project. Charlotte would die (again) for love but facing the all-too-familiar feeling of invisibility may be too much for her to swallow.

Designed for Grades 1-6, this manipulative-based approach to teaching mathematics emphasizes problem-solving through data organization, spatial relationships, and numerical relationships.

Falling in love was the easy part... For Talon Carver, the commanding and charismatic lead singer of the rock band 69 Bottles, life has never been better-or worse. His heart's at a full 11 for Addison Beltrand, his feisty PR rep. But admitting it was a much different tune. The dilemma's even more complicated when adding his other lover to the mix: Kyle Black, the band's handsome, sweet and sexy manager. Why ruin a good thing, right? Things are pretty damn perfect for the trio-in and out of bed. But just when they find their best rhythm with each other, a rocky night in Minneapolis forces all three to reexamine their feelings-and take their relationship to new levels. But can love be enough? The band's soaring popularity, along with the pressures of maintaining an unconventional relationship on a high-profile rock tour, start to take their toll. When Addison starts to fall apart, Talon and Kyle must come to terms with how important she is to them both. Can Addison find the strength to be their glue once more? What happens when the world goes on...but yours suddenly stops? When everything looks like it's going to fall apart? Is love enough to bring Talon, Kyle, and Addison back to each other's arms...and with it, the magic that true redemption can bring? ****Content Warning**** Sexy, naked, bisexual rock stars...and a lot more... This book contains, but is not limited to the following sexual content - reader discretion is advised - hot sex between two men and one woman. M/M/F, M/F/M, M/F, F/M and M/M sexual content. There are no boundaries when these three crash together, as long as you're over 18 years of age.
