Bestselling author Alain de Botton considers how our private homes and public edifices influence how we feel, and how we could build dwellings in which we would stand a better chance of happiness. In this witty, erudite look at how we shape, and are shaped by, our surroundings, Alain de Botton applies Stendhal's motto that "Beauty is the promise of happiness" to the spaces we inhabit daily. Why should we pay attention to what architecture has to say to us? de Botton asks provocatively. With his trademark lucidity and humour, de Botton traces how human needs and desires have been served by styles of architecture, from stately Classical to minimalist Modern, arguing that the stylistic choices of a society can represent both its cherished ideals and the qualities it desperately lacks. On an individual level, de Botton has deep sympathy for our need to see our selves reflected in our surroundings; he demonstrates with great wisdom how buildings — just like friends — can serve as guardians of our identity. Worrying about the shape of our sofa or the colour of our walls might seem self-indulgent, but de Botton considers the hopes and fears we have for our homes at a new level of depth and insight. When shopping for furniture or remodelling the kitchen, we don't just consider functionality but also the major questions of aesthetics and the philosophy of art: What is beauty? Can beautiful surroundings make us good? Can beauty bring happiness? The buildings we find beautiful, de Botton concludes, are those that represent our ideas of a meaningful life. The Architecture of Happiness marks a return to what Alain does best — taking on a subject whose allure is at once tantalizing and a little forbidding and offering to readers a completely beguiling and original exploration of the subject. As he did with Proust, philosophy, and travel, now he does with architecture.

For fans of 500 Days of Summer, Notting Hill and New Girl, This is a Love Story is a very exciting first novel from Jessica Thompson. This is a love story. Boy meets girl and girl falls for boy - that much is true. But when Sienna meets Nick it's not the way it happens in love stories. It's because of a squirrel on water skis... She sees Nick's dangerous brown eyes and thinks, Don't. Fall. Into. Them. Who will be there to catch Sienna when she falls? She is so fragile. She has so many secrets, and he is not that serious. Funny and sad, this is the story of two people destined never to come together in the great love affair they crave more than anything else.

At night, she sees an owl in a tree and a frog in a pond, and hears leaves rustling. Before long, she's fast asleep, dreaming about more summer days and summer nights. A New York Times Bestseller • A Read with Jenna Today Show Book Club Pick! Named a Best Book of the Year by The New York Times Book Review, The Washington Post, People, Entertainment Weekly, USA Today, TIME, The A.V. Club, Buzzfeed, and PopSugar "I can't believe how good this book is.... It's wholly original. It's also perfect.... Wilson writes with such a light touch.... The brilliance of the novel [is] that it distracts you with these weirdo characters and mesmerizing and funny sentences and then hits you in a way you didn't see coming. You're laughing so hard you don't even realize that you've suddenly caught fire." —Taffy Brodesser-Akner, author of Fleishman is in Trouble, New York Times Book Review From the New York Times bestselling author of The Family Fang, a moving and uproarious novel about a woman who finds meaning in her life when she begins caring for two children with a remarkable ability. Lillian and Madison were unlikely roommates and yet inseparable friends at their elite boarding school. But then Lillian had to leave the school unexpectedly in the wake of a scandal and they've barely spoken since. Until now, when Lillian gets a letter from Madison pleading for her help. Madison's twin stepkids are moving in with her family and she wants Lillian to be their caretaker. However, there's a catch: the twins spontaneously combust when they get agitated, flames igniting from their skin in a startling but beautiful way. Lillian is convinced Madison is pulling her leg, but it's the truth. Thinking of her dead-end life at home, the life that has consistently disappointed her, Lillian figures she has nothing to lose. Over the course of one humid, demanding summer, Lillian and the twins learn to trust each other—and stay cool—while also staying out of the way of Madison's buttoned-up politician

husband. Surprised by her own ingenuity yet unused to the intense feelings of protectiveness she feels for them, Lillian ultimately begins to accept that she needs these strange children as much as they need her—urgently and fiercely. Couldn't this be the start of the amazing life she'd always hoped for? With white-hot wit and a big, tender heart, Kevin Wilson has written his best book yet—a most unusual story of parental love.

Actor Joseph Gordon-Levitt (The Dark Knight Rises, Inception, Looper, 500 Days of Summer) made a big splash with The Tiny Book of Tiny Stories—so now he's back with volume 2! One of the most ingenious and successful projects to come out of Gordon-Levitt's online creative coalition hitRECORD—an international collaboration of artists and writers—The Tiny Book of Tiny Stories: Volume 2 offers more quirky, delightfully small, ingeniously illustrated haiku-like tales, proving once more that the universe isn't made of atoms; it's made of tiny stories. The best things do come in small packages.
