50 Greatest Short Stories for Children is an anthology of what children have heard and read over the ages. Here comes a selection of the best fairytales, stories about creatures big and small, spells and enchantments, giants, witches, royal adventures and everything that makes a child's world magical. With numerous authors penning children's books, the classics seem to be getting lost and that enchanted world is receding to give place to more contemporary settings. This book brings back the much-loved tales through generations to enthral children once more. This book is the ideal gift from a parent to a child to revive the reading habit. Hans Christian Andersen, Brothers Grimm, Aesop's Fables and folktales from other shores bring together a delightful bouquet to young minds.
