A Change of Climate is a novel by English author Hilary Mantel, first published in 1994 by Viking Books. At the time The Observer described it as the best book she had written. It was published in the United States by Henry Holt in 1997 and was recognised by the New York Times Book Review as one of the notable books of that year. The novel has also been identified as one of the best of the 1990s.

A New York Times Notable Book Ralph and Anna Eldred are an exemplary couple, devoting themselves to doing good. Thirty years ago as missionaries in Africa, the worst that could happen did. Shattered by their encounter with inexplicable evil, they returned to England, never to speak of it again. But when Ralph falls into an affair, Anna finds no forgiveness in her heart, and thirty years of repressed rage and grief explode, destroying not only a marriage but also their love, their faith, and everything they thought they were.

From the double Man Booker prize-winning author of 'Wolf Hall', and 'Bring Up the Bodies' this is an epic yet subtle family saga about broken trusts and buried secrets.

From the Booker Prize-winning author of Wolf Hall, a breathtakingly intelligent novel that asks enormous questions. Ralph and Anna Eldred live in the big Red House in Norfolk, raising their four children and devoting their lives to charity. The constant flood of children plucked from the squalor of the East London streets for a breath of

Access Free A Change Of Climate Hilary Mantel

fresh countryside air hides the growing crises in thier own family. Memories of thier time as missionaries in South Africa and Botswana, of the terrible African tragedies that have shaped the rest of their lives, refuse to be put to rest and threaten to destroy the fragile peace they have built for themselves and their children.

A taut and terrifying trip into a distorting mirror--a novel as tense, immediate, and chilling as the world it depicts. "A Middle Eastern Turn of the Screw with an insidious power to grip."-Time Out

A New York Times Book Review Notable Book of the Year It was the year after Chappaquiddick, and all spring Carmel McBain had watery dreams about the disaster. Now she, Karina, and Julianne were escaping the dreary English countryside for a London University hall of residence. Interspersing accounts of her current position as a university student with recollections of her childhood and an ever difficult relationship with her longtime schoolmate Karina, Carmel reflects on a generation of girls desiring the power of men, but fearful of abandoning what is expected and proper. When these bright but confused young women land in late 1960s London, they are confronted with a slew of new preoccupations--sex, politics, food, and fertility--and a pointless grotesque tragedy of their own. Hilary Mantel's magnificent novel

Access Free A Change Of Climate Hilary Mantel

examines the pressures on women during the early days of contemporary feminism to excel--but not be too successful--in England's complex hierarchy of class and status.

Hailed as a "writer of subtlety and depth," Hilary Mantel turns her dark genius on the world of psychics in this smart, unsettling novel (Joyce Carol Oates) A paragon of efficiency, Colette took the next natural step after finishing secretarial school by marrying a man who would do just fine. After a sobering, do-it-yourself divorce, Colette is at a loss for what to do next. Convinced that she is due an out-of-hand, life-affirming revelation, she strays into the realm of psychics and clairvoyants, hungry for a whisper to set her off in the right direction. At a psychic fair in Windsor she meets the charismatic Alison. Alison, the daughter of a prostitute, beleaguered during her childhood by the pressures of her connection to the spiritual world, lives in a different kind of solitude. She cannot escape the dead who speak to her, least of all the constant presence of Morris, her low-life spiritual guide. An expansive presence onstage, Alison at once feels her bond with Colette, inviting her to join her on the road as her personal assistant and companion. Troubles spiral out of control when the pair moves to a suburban wasteland in what was once the English countryside and take up with a spirit guide and his drowned

Access Free A Change Of Climate Hilary Mantel

therapist. It is not long before Alison's connection to the place beyond black threatens to uproot their lives forever. This is Hilary Mantel at her finest- insightful, darkly comic, unorthodox, and thrilling to read.

Ten years have passed since Muriel Axon was locked away for society's protection, but psychiatric confinement has only increased her malice and ingenuity. At last free, she sets into motion an intricate plan to exact revenge on those who had her put away. Her former social worker, Isabel, and her old neighbors have moved on, but Muriel, with her talent for disguise, will infiltrate their homes and manipulate their lives, until all her enemies are brought together for a gruesome finale. Hilary Mantel's razor-sharp wit animates every page of this darkly comic tale of retribution.

Stephen King meets Muriel Spark in Hilary Mantel's first novel. Evelyn Axon - a medium by trade - and her half-wit daughter Muriel have become a social problem. Barricaded in their once-respectable house, they live amid festering rubbish, unhealthy smells - and secrets. They completely baffle Isabel Field, the social worker assigned to help them. But Isabel is only the most recent in a long line of people that find the Axons impossible. Meanwhile, Isabel has her own problems: a

Access Free A Change Of Climate Hilary Mantel

married lover, Colin. He is a history teacher to unresponsive children and father to a passel of his own horrible kids. With all this to worry about, how can Isabel even begin to understand what is going on in the Axon household? When Evelyn finally moves to defend Muriel, and Muriel, in turn, acts to protect herself, the results are by turns hilarious and terrifying.

Set during the French Revolution, this "riveting historical novel" ("The New Yorker") is the story of three young provincials who together helped destroy a way of life and, in the process, destroyed themselves.
