Where does art start or reality end? Happily loitering about London, c. 1949, with the intent of gathering material for her writing, Fleur Talbot finds a job — on the grubby edge of the literary world — at the very peculiar Autobiographical Association. Mad egomaniacs writing their memoirs in advance — or poor fools ensnared by a blackmailer? When the association's pompous director steals Fleur's manuscript, fiction begins to appropriate life.

"Long ago in 1945 all the nice people in England were poor, allowing for exceptions," begins *The Girls of Slender Means*, Dame Muriel Spark's tragic and rapier-witted portrait of a London ladies' hostel just emerging

from the shadow of World War II. Like the May of Teck Club itself—"three times window shattered since 1940 but never directly hit"—its lady inhabitants do their best to act as if the world were back to normal: practicing elocution, and jostling over suitors and a single Schiaparelli gown. The novel's harrowing ending reveals that the girls' giddy literary and amorous peregrinations are hiding some tragically painful war wounds. Chosen by Anthony Burgess as one of the Best Modern Novels in the Sunday Times of London, *The Girls of Slender Means* is a taut and eerily perfect novel by an author *The New York Times* has called "one of this century's finest creators of comic-metaphysical entertainment."

Spark's mind-bogglingly stunning

1957 debut With easy, sunny eeriness, Spark lights up the darkest things: blackmail, a drowning, nervous breakdowns, a ring of smugglers, a loathsome busybody, a diabolic bookseller, human evil.

Do you have a real relationship with God, or do you just have a religion? Do you know God, or do you just know about God? In *How Big Is Your God?* Paul Coutinho, SJ, challenges us to grow stronger and deeper in our faith and in our relationship with God—a God whose love knows no bounds. To help us on our way, Coutinho introduces us to people in various world religions—from Hindu friends to Buddhist teachers to St. Ignatius of Loyola—who have shaped his spiritual life and made possible his deep, personal relationship with God.

In *Aiding and Abetting*, the doyenne of literary satire has written a wickedly amusing and subversive novel around the true-crime case of one of England's most notorious uppercrust scoundrels and the "aiders and abettors" who kept him on the loose. When Lord Lucan walks into psychiatrist Hildegard Wolf's Paris office, there is one problem: she already has a patient who says he's Lucan, the fugitive murderer who bludgeoned his children's nanny in a botched attempt to kill his wife. As Dr. Wolf sets about deciding which of her patients, if either, is the real Lucan, she finds herself in a fierce battle of wits and an exciting chase across Europe. For someone is deceiving someone, and it may be the good doctor, who, despite her unorthodox

therapeutic method (she talks mainly about her own life), has a sinister past, too. Exhibiting Muriel Spark's boundless imagination and biting wit, *Aiding and Abetting* is a brisk, clever, and deliciously entertaining tale by one of Britain's greatest living novelists.

Muriel Spark's bracingly salty memoir is a no-holds-barred trip through an extraordinary writer's life.

Dame Muriel Spark delivers a delightfully alarming novel, full of high society and low cunning. One October evening five posh London couples gather for a dinner party, enjoying "the pheasant (flambe in cognac as it is)" and waiting for the imminent arrival of the late-coming guest Hilda Damien, who has been unavoidably detained due to the fact that she is being

murdered at this very moment... "Symposium" was applauded by "Time" magazine for the "sinister elegance" of Muriel Spark's "medium of light but lethal comedy." Mixed in are a Monet, a mad uncle, some unconventional nuns, and a burglary ring run by a rent-a-butler. Symposium stars a perfectly evil young woman (a classic sweet-faced hair-raising Sparkian horror) who has married rich Hilda's son by hook or by crook, hooking him at the fruit counter of Harrod's. There is also spiritual conversation--and the Bordeaux is superb. "The prevailing mood is urbane: the wine is poured, the talk continues, and all the time the ice on which the protagonists' world rests is being thinned from beneath, by boiling emotions and ugly motives....No living writer handles the tension between

formality of expression and subversiveness of thought more elegantly." ("The Independent on Sunday").

of a job. As Richard fights to regain his health and stay centered amid the swirling chaos of his personal life, he must also wrest control of his film—his most prized pursuit—from those who seek to take it away.
