(Applause Libretto Library). Book by Burt Shevelove and Larry Gelbart Introduction by Larry Gelbart "This brazenly retro Broadway musical, inspired by Plautus, is as timeless as comedy itself." Vincent Canby, The New York Times "The most urbane and literate musical comedy text ever conceived." John Simon, New York magazine

First, some giant ants steal breakfast. Then there are the evil ninjas, massive ape, mysterious mole people, giant blob, and countless other daunting (and astonishing) detours along the way to school. Are these excuses really why this student is late? Or is there another explanation that is even more outrageous than the rest? From Davide Cali and Benjamin Chaud, the critically acclaimed author/illustrator team behind I Didn't Do My Homework Because . . . comes a fast-paced, actionpacked, laugh-out-loud story about finding the way to school despite the odds—and the unbelievable oddness! Plus, this is the fixed format version, which will look almost identical to the print version. Additionally for devices that support audio, this ebook includes a read-along setting.

The rollicking memoir from the cardiologist turned legendary scientist and winner of the Nobel Prize that revels in the joy of science and discovery. Like Richard Feynman in the field of physics, Dr. Robert Lefkowitz is also known for being a larger-than-life character: a not-immodest, often self-deprecating, always entertaining raconteur. Indeed, when he received the Nobel Prize, the press corps in Sweden covered him intensively, describing him as "the happiest Laureate." In addition to his time as a physician, from being a "yellow beret" in the public health corps with Dr. Anthony Fauci to his time as a cardiologist, and his extraordinary transition to biochemistry, which would lead to his Nobel Prize win, Dr. Lefkowitz has ignited passion and curiosity as a fabled mentor and teacher. But it's all in a days work, as Lefkowitz reveals in A Funny Thing Happened on the Way to Stockholm, which is filled to the brim with anecdotes and energy, and gives us a glimpse into the life of one of today's leading scientists.

There's more to this museum than meets the eye! This is the wonderfully wacky world of celebrated international author-illustrator team Davide Cali and Benjamin Chaud, the duo behind Junior Library Guild selections I Didn't Do My Homework Because . . . , The Truth About My Unbelievable Summer . . . , and A Funny Thing Happened on the Way to School . . . . Notoriously (and delightfully) unreliable narrator Henry is late to a museum where his class is spending the day. But he has a plan: He'll just catch up in one of the exhibits. That's not possible in these halls! With volcanoes erupting, dinosaurs charging, and secret stairwells lurking, reuniting with his classmates becomes a quest of outrageous proportions. Young readers will revel in this entertaining book's over-the-top antics.

Michael J. Fox abandoned high school to pursue an acting career, but went on to receive honorary degrees from several universities and garner the highest accolades for his acting, as well as for his writing. In his new book, he inspires and motivates graduates to recognize opportunities, maximize their abilities, and roll with the punches--all with his trademark optimism, warmth, and humor. In A Funny Thing Happened on the Way to the Future, Michael draws on his own life experiences to make a case that real learning happens when "life goes skidding sideways." He writes of coming to Los Angeles from Canada at age eighteen and attempting to make his way as an actor. Fox offers up a comically skewed take on how, in his own way, he fulfilled the requirements of a college syllabus. He learned Economics as a starving artist; an unexpected turn as a neophyte activist schooled him in Political Science; and his approach to Comparative Literature involved stacking books up against their movie versions. Replete with personal stories and hilarious anecdotes, Michael J. Fox's new book is the perfect gift for graduates.

Slipknot and Stone Sour singer Corey Taylor's New York Times bestselling journey into the world of ghosts and the supernatural Corey Taylor has seen a lot of unbelievable things. However, many of his most incredible experiences might just shock you. For much of his life, the Grammy Award-winning singer of Slipknot and Stone Sour and New York Times bestselling author of Seven Deadly Sins has brushed up against the supernatural world. Those encounters impacted his own personal evolution just as much as headlining at Castle Donington in front of 100,000 people at Download Festival or debuting at #1 on the Billboard Top 200. Since growing up in Iowa, his own curiosity drew him into situations that would've sent most people screaming scared and running for the hills. He's ballsy enough to go into the darkness and deal with the consequences, though. As a result, he's seen ghosts up close and personal, whether while combing through an abandoned house in his native Iowa as a child or recording an album in the fabled Houdini Hollywood Hills mansion. He's also got the memories (and scars) to prove it. For some reason, he can't seem to shake these spectral stories, and that brings us to this little tome right here... At the same time, being an erudite, tattooed, modern Renaissance Man, he was never one for Sunday Service. Simply put, he's seen ghosts, but he hasn't seen Jesus. Taylor especially can't find a reason why people do the insane things they do in HIS name. That's where everything gets

## File Type PDF A Funny Thing Happened On The Way To Heaven Or How I Made Peace With The Paranormal And Stigmatized Zealots And Cynics In The Process

really interesting. His second book, *A Funny Thing Happened on the Way to Heaven*, compiles Taylor's most intimate, incredible, and insane moments with the supernatural. His memories are as vivid as they are vicious. As he recounts these stories, he questions the validity of religious belief systems and two-thousand-year-old dogma. As always, his rapid-fire writing, razor sharp sense of humor, unbridled honesty, and cozy anecdotes make quite the case for his point. You might end up believing him or not. That's up to you, of course. Either way, you're in for a hell of a ride.

"I've been single for so long, I've started having sexual fantasies about my vibrator," riffs Karla for her captive, cancer-ward audience. The patients—her mother, who's recovering from surgery for ovarian cancer, and her roommate behind the curtain, aren't laughing—or even awake—but there's someone else in the room . . . In Halley Feiffer's "painfully irresistible" (The New York Times) new play, a foul-mouthed twenty-something comedian and a middle-aged man embroiled in a nasty divorce are brought together unexpectedly when their cancer-stricken mothers become roommates in the hospital. Together, this unlikely duo must negotiate some of life's biggest challenges . . . while making some of the world's most inappropriate jokes. Can these two very lost people learn to laugh through their pain and lean on each other when all they really want to do is run away? In *A Funny Thing Happened on the Way to the Gynecologic Oncology Unit* at Memorial Sloan Kettering Cancer Center of New York City, Halley Feiffer slays in a work that's dark and disturbing and yet totally hilarious. The acclaimed world premiere at MCC Theater featured Beth Behrs, Erik Lochtefeld, Lisa Emery, and Jacqueline Sydney, and was directed by Trip Cullman.

The superb classic memoir from a dazzlingly eccentric and endlessly fascinating author and feminist icon - a woman very much ahead of her time - including her time spent on the glorious island of Skiathos 'A happy, hilarious book' Daily Express Nancy Spain was one of the most celebrated - and notorious - writers and broadcasters of the 50s and 60s. Witty, controversial and brilliant, she lived openly as a lesbian (sharing a household with her two lovers and their various children) and was frequently litigated against for her newspaper columns - Evelyn Waugh successfully sued her for libel... twice. Nancy Spain had a deep love of the Mediterranean. So it was no surprise when, in the 1960s, she decided to build a place of her own on the Greek island of Skiathos. With an impractical nature surpassed only by her passion for the project, and despite many obstacles, she gloriously succeeded. This classic memoir is infused with all Spain's chaotic brilliance, zest for life and single-minded pursuit of a life worth living. Perfect for fans of *A PLACE IN THE SUN* and *ESCAPE TO THE COUNTRY* 'Full of fun, and that zest of intelligence that never left her' Sunday Times
