A Slight Ache is a tragicomic play written by Harold Pinter in 1958 and first published by Methuen in London in 1961. It concerns a married couple's dreams and desires, focusing mostly on the husband's fears of the unknown, of growing old, and of the "Other" as a threat to his self-identity.

Adults and older children with mild ear pain or pressure who do not have a fever or hearing loss usually do not need to see a doctor. This type of pain usually is caused by a blocked Eustachian tube. If the ear pain is more severe, or there are other symptoms, it's a good idea to see a health professional.

Flora and Edward invite the match seller into their home. The match seller is silent; faced with this silence, Edward destroys himself while Flora gains strength, until finally Flora turns Edward out with the tray of matches. The midsummer's day which began with Edward having a 'slight ache' ends in his

total disintegration.

THE STORY: In a dark space you can't measure, a once visceral father lies on his deathbed, looking over his life, his youth, loves, lusts and betrayals of his wife. At the same time, in another bedroom, somewhere in the same space, the man's two so

“A fascinating work . . . possessing extraordinary power. Masterful.” —San Francisco Chronicle “Brilliant, cranky, and eccentric, and the narrative passages are some of the most thrilling ever written.” —Library Journal “Some of the author’s most enduring themes—notably, sexual jealousy and betrayal—are present. . . . The narration shows traces of writers as various as Joyce and Beckett, e.e. cummings and J.P. Donleavy.” —The Washington Post “The Abbott and Costello meet Samuel Beckett dialogue . . . makes you laugh out loud.” —The Village Voice

Born in London in 1930, Harold Pinter holds an undisputed place in the front ranks of contemporary playwrights. These two plays, *Party Time* and *The New World Order*, work in chilling tandem, each demonstrating the inevitable brutality that comes with a total conviction of right. *Party Time* is a terrifying portrait of the culpable indifference of a privileged class, of the cruelty engendered in its members by political disruption, and of their merciless extinction of dissent. At an elegant cocktail party, a stylish bourgeoisie discusses country clubs and summer homes, while below in the streets a sinister military presence protects them from the unmentionable horrors of poverty, vulgarity, squalor. In *The New World Order*, two interrogators harass a man whom they

# Get Free A Slight Ache And Other Plays Methuen Modern Plays

condemn for his questioning of received ideas, and whom we know only as threat to their closed vision of democracy.

In 1953, Samuel Beckett's *Waiting for Godot* premiered at a tiny avant-garde theatre in Paris; within five years, it had been translated into more than twenty languages and seen by more than a million spectators. Its startling popularity marked the emergence of a new type of theatre whose proponents—Beckett, Ionesco, Genet, Pinter, and others—shattered dramatic conventions and paid scant attention to psychological realism, while highlighting their characters' inability to understand one another. In 1961, Martin Esslin gave a name to the phenomenon in his groundbreaking study of these playwrights who dramatized the absurdity at the core of the human condition. Over four decades after its initial publication, Esslin's landmark book has lost none of its freshness. The questions these dramatists raise about the struggle for meaning in a purposeless world are still as incisive and necessary today as they were when Beckett's tramps first waited beneath a dying tree on a lonely country road for a mysterious benefactor who would never show. Authoritative, engaging, and eminently readable, *The Theatre of the Absurd* is nothing short of a classic: vital reading for anyone with an interest in the theatre.

Collects the Nobel Prize-winning author's writings on war, including portraits of those who commit atrocities in the name of a higher power and essays on the state-sponsored terrorism of present-day regimes.

This collection of essays focuses on one of Harold Pinter's most popular and challenging plays, *The Dumb Waiter*, while addressing also a range of significant issues current in Pinter studies and which are applicable beyond this play. The

# Get Free A Slight Ache And Other Plays Methuen Modern Plays

interesting and provocative dialogues between established and emerging scholars featured here provide close readings of *The Dumb Waiter*, within relevant cultural and historical contexts and from a range of theoretical perspectives. The essays range over issues of autobiography and theater, genre studies, and the impact of Pinter's political activism on his dramatic production, among others. The collection is also concerned with the meaning of the play when assessed against other examples of Pinter's work, both dramatic and non-dramatic writing. Each contributor shows a gift for presenting a complex argument in an accessible style, making this book an important resource for a wide range of readers, from undergraduates to postgraduates and specialist researchers. The collection offers essays that approach *The Dumb Waiter*, from an interdisciplinary perspective and as both a literary and dramatic text. Thus, the book should be of equal significance to those encountering Pinter within the context of English Studies, drama, and performance.

This volume contains a selection of early works by Harold Pinter. In the title play, everything in Flora's garden is lovely, and would be for Edward too, if it were not for the slight ache in his eyes and the mysterious matchseller at the gate. This edition also includes *A Night Out*, *The Dwarfs* and several revue sketches.
