In the realm of the Dark-Hunters there is a code of honor that even immortal bad boys must follow: Harm no human. Drink no blood. Never fall in love. But every now and again a Dark-Hunter thinks himself above the Code. That's when I'm summoned. Who am I? I'm the one thing the fearless fear. Step over the line, and it's my wrath you will face. Nothing can touch me. Nothing can sway me. I am relentless and unfeeling. Or so I thought until I met a Dark-Hunter who goes by the name of Danger—it's not just her name, it's how she lives her life. She doesn't trust me at all. And who could blame her? I'm here to be judge, jury, and the executioner of her friends. Yet she is my key to saving some of them. Without her, they will all die. But as we try to save them, Dangerouse St. Richard is a deadly distraction. Something about her is reawakening feelings I'm not supposed to have. Especially compassion, which is a deadly emotion in a race against evil. The only hope mankind has is that I do my duty. And yet how can I do my duty when it means that I will have to sacrifice the only woman I've ever loved?

It's a predator eat predator world for the Were-Hunters. Danger haunts any given day. There is no one to trust. No one to love. Not if they want to live... An orphan with no clan that will claim him, Wren Tigarian grew to adulthood under the close scrutiny and mistrust of those around him. A forbidden blend of two animals—snow leopard and white tiger—Wren has never listened to anyone when there was something he wanted. Now he wants Marguerite. Marguerite D' Aubert Goudeau is the daughter of a prominent U.S. Senator who hates the socialite life she's forced to live. Like her mother before her, she has strong Cajun roots that her father doesn't understand. Still, she has no choice but to try and conform to a world where she feels like an outsider. But the world of rich and powerful humans is never to meet the world of the Were-Hunters who exist side by side with them, unseen, unknown, undetected. To break this law is to call down a wrath of the highest order. In order to have Marguerite, Wren must fight not just the humans who will never accept his animal nature, but the Were-Hunters who want him dead for endangering their world. It's a race against time and magic without boundary that could cost Marguerite and Wren not just their lives, but their very souls...

While the world carries on unawares, Stryker, who leads an army of demons and vampires, is plotting an all out onslaught against his enemies—which, unfortunately for us, includes the entire human race. To avenge his sister, Stryker prepares to annihilate the Dark-Hunters. But things go awry when his oldest enemy returns. Enter his ex-wife, Zephyra. Just when he thought nothing could stop him, he's now embroiled in a centuries old war with a shrew who gives new meaning to pain.

A special hardcover release of the seventh book in the blockbuster Dark-Hunter series.

Wulf is an ancient Viking warrior with a useful but extremely aggravating power-amnesia. No one who meets him in person can remember him 5 minutes later. It makes it easy to have one-night stands, but hard to have a meaningful relationship, and without true love he can never regain his soul. When he finally meets Cassandra, the one woman who can remember him, she turns out to be the princess of the cursed race he's sworn to hunt-and forbidden to him. The two of them must face ancient curses, prophecies, and the direct meddling of the Greek gods to find true happiness at last.

Bride McTiernay has had it with men. They're cheap, self-centered, and never love her for who she is. But though she prides herself on being independent, deep down she still yearns for a knight in shining armor. She just never expected her knight in shining armor to have a shiny coat of fur... Deadly and tortured, Vane Kattalakis isn't what he seems. Most women lament that their boyfriends are dogs. In Bride's case, hers is a wolf. A Were-Hunter wolf. Wanted dead by his enemies, Vane isn't looking for a mate. But the Fates have marked Bride as his. Now he has three weeks to either convince Bride that the supernatural is real or he will spend the rest of his life neutered--something no self-respecting wolf can accept... But how does a wolf convince a human to trust him with her life when his enemies are out to end his? In the world of the Were-Hunters, it really is dog-eat-dog. And only one alpha male can win.

A Dark-Hunter on a dangerous mission finds his life and love on the line when he meets Dangerouse St. Richard, a beautiful and distracting Dark-Hunter who is out to prevent him from carrying out his duty to destroy her friends. Original.

Susan Michaels was once the hottest reporter on the Beltway Beat until a major scandal ruined her life and left her writing stories about alien babies and Elvis sightings. Life as she once knew it is over, or so she thinks, but then she gets a lead on a story that could salvage her extinct career. She heads to the local animal shelter, expecting a hot news tip, which she gets in the form of a major police cover-up . . . for a ring of soul-sucking vampires out to take over Seattle. So much for saving her credibility. And if that isn't bad enough, she gets talked into adopting a cat and finds she's allergic to it. A cat that turns out to be a shapeshifter who claims to be an immortal vampire slayer on the prowl for the same corrupt cops. Her first thought: seek professional help. But as Susan's drawn into Ravyn's dark and dangerous world, she comes to realize that there's a lot more at stake than just her defunct career. Now it's no longer a question of bringing the truth to her readers; it's a matter of saving their very lives and souls. Ravyn's life was shattered over four hundred years ago, when he mistakenly trusted the wrong human with the truth of his existence. He lost his family, his honor, and his life. Now, in order to save the people of Seattle, he's forced to confront that nightmare all over again, and to trust another woman with the secret that could destroy him. In the world of the Dark-Hunters, life is always dangerous. But never more so than now; when a very human woman can shatter their entire world with just one story. The only question is . . . will she?

As an ancient Sumerian god, Sin was one of the most powerful among his pantheon. . . . Until the night Artemis brutally stole his godhood and left him for dead. For millennia, this ex-god turned Dark-Hunter has dreamed only of regaining his powers and seeking revenge on Artemis. If only life were that simple. Unfortunately he has bigger fish--or in Sin's case--demons, to fry. The lethal gallu that were buried by his pantheon are now stirring and they are hungry for human flesh. Their goal is to destroy mankind and anyone else who gets in their way. Sin is the only one who can stop them--that is if a certain woman doesn't kill him first. Unfortunately, Sin discovers that now he must rely on her or witness an annihilation of biblical proportions. Enemies have always made strange bedfellows, but never more so than when the fate of the world hangs in the balance. Now a man who knows only betrayal must trust the one person most likely to hand him to the demons. Artemis may have stolen his godhood, but this one has stolen his heart. The only question is will she keep it or feed it to the ones who want him dead?
