When falling crop prices threaten his family with starvation, fifteen-year-old Victor Flores heads north in an attempt to "cross the wire" from Mexico into America so he can find work and help ease the finances at home. But with no coyote money to pay the smugglers who sneak illegal workers across the border, Victor struggles to survive as he jumps trains,

Looks at those living in poverty in Tijuana, and the social and economic forces that make them desperate to cross the border

what is, and what shall be  
were one in the same. Draig,  
a boy on the verge of his  
manhood, is summoned to the  
majestic mountain by the  
Great Ones. There he finds  
out he is about to transcend  
the ages and risk his life  
to prevent the destruction  
of mankind. Born into the  
naïve innocence of ancient  
man, Draig lives a simple  
pastoral existence in a  
quiet, small village. But  
one day he is flung on a  
magical journey into a  
forbidden new world. There,  
Draconos, a dragon,  
befriends the boy, training  
him in the art of warfare.  
From this day forward, the

awe at the wonders the world holds for him. Not only has Draig become a man, but he is living like a dragon and learning their mystical powers. "From the time Man first crawled upon this earth...we found him worthy to take his rightful place among the creatures that walk upon the earth. While hiding in the shadows, we have protected him. We have nurtured him all these many ages. But now man grows in great numbers and makes war on everything he sees." And when the time comes, will Draig be willing to lay down his life for the sake of saving the dragons? And when the dragons are gone, where
