near the bottom of the world, gathering weather data and indulging his desire “to taste peace and quiet long enough to know how good they really are.” But early on things went terribly wrong. Isolated in the pervasive polar night with no hope of release until spring, Byrd began suffering inexplicable symptoms of mental and physical illness. By the time he discovered that carbon monoxide from a defective stovepipe was poisoning him, Byrd was already engaged in a monumental struggle to save his life and preserve his sanity. When *Alone* was first published in 1938, it became an enormous bestseller. This edition keeps alive Byrd’s unforgettable narrative for new

generations of readers.

Also known as the aviator that flew over The North Pole, Richard Byrd's exploits of exploration reached The South Pole, as well! This incredible biography of one of the most renown arctic explorers in history chronicles his 1934 journey into the frozen south, and his desperate bid to survive the harsh Antarctic landscape. Separated from his crew for six months in unforgiving, 60 degree below zero, temperatures, Byrd's story is one of courage, fortitude, and the indomitable human spirit.

The harrowing and heartfelt account of an adventurer's desire to feel true peace and isolation.

# Read Book Admiral Richard Byrd Alone In The Antarctic

Richard E. Byrd chose to stay alone in the Antarctic over the long dark nights of Antarctic winter. The following story details his battle with monoxide poisoning, depression and utter despair. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Biography of Admiral Richard Byrd, the first man to fly over both the North and South Poles, centers on his expedition to Antarctica.

## Read Book Admiral Richard Byrd Alone In The Antarctic

An account of Admiral Richard Byrd's stay alone in a small shack during an antarctic winter.

American hero and explorer Admiral Richard E. Byrd, Jr. tells the story of his first journey through Antarctica and the founding of a series of camps and bases referred to as "Little America." Over the years, many similar areas were developed as camps and research areas on Byrd's Antarctic missions, but the founding of "Little America" required great courage and leadership. In awe of the unforgiving landscape, he eagerly met its treacherous challenges. Byrd outlines the blueprint for his first mission to Antarctica and provides a glimpse into the
