Advanced Placement Macroeconomics is the go-to guide for helping high school teachers to prepare their students for the AP Macroeconomics Exam administered by the College Board. It is designed to provide a basic framework around which you can design an AP Macroeconomics course that best meets the needs of your students. The Teacher Resource Manual provides unit overviews, lesson plan objectives, Teacher Alerts, Bell Ringer activities to jump-start each class, visuals, and answers to the student activities. The lessons include instructional activities that are not in the Student Resource Manual. By dividing the Macroeconomics and Microeconomics Teacher Resource Manuals in two and compartmentalizing various elements such as student activities solutions and sample multiple-choice question answer keys, the materials provide a more intuitive structure and easier navigation of content.

The teacher guide accompanies the student activities books in macro and microeconomics for teaching collegelevel economics in AP Economics courses. The publication contains course outlines, unit plans, teaching instructions, and answers to the student activities and sample tests.

"REA: the test prep AP teachers recommend."

[D]esigned to assist high school teachers in teaching undergraduate principles of economics courses to high school students as part of the Advanced Placement (AP) Program of the College Board.

Principles of Macroeconomics for AP® Courses covers scope and sequence requirements for an Advanced Placement® macroeconomics course and is listed on the College Board's AP® example textbook list. The text covers classical and Keynesian views, with a prominent section on the Expenditure-Output model to align to the AP® curriculum. The book offers a balanced approach to theory and application, and presents current examples to students in a politically equitable way. Principles of Macroeconomics for AP® Courses PDF and web view versions have been updated to include current FRED (Federal Reserve Economic) data.
