relationship usually end up being poor doctors, and this book reviews the many behavioral issues that patients have that can affect this relationship. This is a very welcome addition to the medical education literature, and should be required reading for all practicing clinicians."--Doody's Review Service Behavioral Medicine delivers practical coverage of behavioral and interactional issues that occur between provider and patient in everyday clinical practice. You will learn how to deliver bad news, how to conduct an effective patient interview, how to clinically manage behavioral issues in the dying patient, the principles of medical professionalism, behavioral issues in men's and women's health, and much more. Features: Thorough but practical discussion of the scope of the physician-patient relationship Includes extensive use of cases and clinical vignettes Complete coverage of medical disorders that influence both physician and patient behavior in clinical practice

Fraward n Yast provides important clues for understanding not only the Zoroastrian religious tradition, but also the old Indo-Iranian religious and mythological world.
