The #1 New York Times bestseller and the true story behind the film: A rugby team resorts to the unthinkable after a plane crash in the Andes. Spirits were high when the Fairchild F-227 took off from Mendoza, Argentina, and headed for Santiago, Chile. On board were forty-five people, including an amateur rugby team from Uruguay and their friends and family. The skies were clear that Friday, October 13, 1972, and at 3:30 p.m., the Fairchild's pilot reported their altitude at 15,000 feet. But one minute later, the Santiago control tower lost all contact with the aircraft. For eight days, Chileans, Uruguayans, and Argentinians searched for it, but snowfall in the

Andes had been heavy, and the odds of locating any wreckage were slim. Ten weeks later, a Chilean peasant in a remote valley noticed two haggard men desperately gesticulating to him from across a river. He threw them a pen and paper, and the note they tossed back read: "I come from a plane that fell in the mountains . . ." Sixteen of the original forty-five passengers on the F-227 survived its horrific crash. In the remote glacial wilderness, they camped in the plane's fuselage, where they faced freezing temperatures, life-threatening injuries, an avalanche, and imminent starvation. As their meager food supplies ran out, and after they heard on a patched-together radio that the search parties had been called off, it seemed like all hope was lost. To save their own lives, these men and women not only had to keep their faith, they had to make an impossible decision: Should they eat the flesh of their dead friends? A remarkable story of endurance and determination, friendship and the human spirit, *Alive* is the dramatic bestselling account of one of the most harrowing quests for survival in modern times.

On October 12, 1972, a plane carrying a team of young rugby players crashed into the remote, snow-peaked Andes. Out of the forty-five original passengers and crew, only sixteen made it off the mountain alive. For ten excruciating weeks they suffered deprivations beyond

imagining, confronting nature head-on at its most furious and inhospitable. And to survive, they were forced to do what would have once been unthinkable ... This is their story -- one of the most astonishing true adventures of the twentieth century.

NEW YORK TIMES BESTSELLER • A harrowing, moving memoir of the 1972 plane crash that left its survivors stranded on a glacier in the Andes—and one man's quest to lead them all home. "In straightforward, staggeringly honest prose, Nando Parrado tells us what it took—and what it actually felt like—to survive high in the Andes for seventy-two days after having been given up for dead."—Jon Krakauer, author of *Into the Wild* "In the first hours there was nothing, no fear or sadness, just a black and perfect silence." Nando Parrado was unconscious for three days before he woke to discover that the plane carrying his rugby team to Chile had crashed deep in the Andes, killing many of his teammates, his mother, and his sister. Stranded with the few remaining survivors on a lifeless glacier and thinking constantly of his father's grief, Parrado resolved that he could not simply wait to die. So Parrado, an ordinary young man with no particular disposition for leadership or heroism, led an expedition up the treacherous slopes of a snowcapped mountain and across forty-five miles of frozen wilderness in an attempt to save his friends' lives as

well as his own. Decades after the disaster, Parrado tells his story with remarkable candor and depth of feeling. *Miracle in the Andes*, a first-person account of the crash and its aftermath, is more than a riveting tale of true-life adventure; it is a revealing look at life at the edge of death and a meditation on the limitless redemptive power of love.

On October 13, 1972, an Uruguayan air force plane carrying members of the Old Christians rugby team—and many of their friends and family members—crashed in the Andes mountains. *I Had to Survive* offers a gripping and heartrending recollection of the harrowing brink-of-death experience that propelled survivor Roberto Canessa to become one of the world's leading pediatric cardiologists. As he tended to his wounded teammates amidst the devastating carnage, rugby player Roberto Canessa, a second-year medical student at the time, realized that no one on earth was luckier: he was alive—and for that, he should be eternally grateful. As the starving group struggled beyond the limits of what seemed possible, Canessa played a key role in safeguarding his fellow survivors, eventually trekking with a companion across the hostile mountain range for help. No one could have imagined that there were survivors from the accident in such extreme conditions. Canessa's extraordinary experience on the fine line between life and death

became the catalyst for the rest of his life. This uplifting tale of hope and determination, solidarity and ingenuity, gives vivid insight into the world-famous story that inspired the movie Alive! Canessa also draws a unique and fascinating parallel between his work as a doctor diagnosing very complex congenital cardiopathies in unborn and newborn infants and the difficult life-changing decisions he was forced to make in the Andes. With grace and humanity, Canessa prompts us to ask ourselves: what do you do when all the odds are stacked against you?

story by one of the men who found his way home. Four decades after the tragedy, a climber discovered survivor Eduardo Strauch's wallet near the memorialized crash site and returned it to him. It was a gesture that compelled Strauch to finally "break the silence of the mountains." In this revelatory and rewarding memoir, Strauch withholds nothing as he reveals the truth behind the life-changing events that challenged him physically and tested him spiritually, but would never destroy him. In revisiting the horror story we thought we knew, Strauch shares the lessons gleaned from far outside the realm of rational learning: how surviving on the mountain, in the face of its fierce, unforgiving power and desolate beauty, forever altered his perception of love, friendship, death, fear, loss, and hope.

the mountains. Each one of us has our own mountain - our own story - and understanding it helps us make sense of our path in life and to see the way ahead. We are all capable of surviving our Andes.

When Coche Inciarte boarded Uruguayan Air Force Flight 571 on Friday 13th October 1972, he planned to sit next to his best friend Gastón Costemalle at the back of the plane. But another boy got there just ahead of him, and Coche found a seat further forward. Ninety minutes later, Gastón was gone - sucked out of the back of the plane along with several others when the plane struck a peak in the Andes. Miraculously, twenty-nine passengers - members and friends of the Old Christians rugby club - survived the initial impact. Stranded in the mountains for seventy-two days, Coche and his companions endured one of history's most extraordinary struggles for survival. Several died of their injuries and eight were killed in an avalanche that trapped the remaining boys in the broken fuselage for three days. Developing gangrene in one leg, Coche was rendered largely immobile. Unable to contribute to the more physical tasks, he made it his mission to raise the spirits of his fellow survivors through humour, love, and support. Coche survived the Andes, but only just; and in this uplifting and thought-provoking memoir - written in memory of his friend Gastón - he brings alive his time on the mountain and reflects on the profound
