This is the true story of my life, my auto biography. The events all happened. Only the names of some of the participants have been changed. The story may well be biased, but it is how I remember it and if in the telling, I have done injustice to anyone then I am sorry. If I come across as conceited, shallow, or too clever for my own good, or without conscience I put my hand up and say so be it. It was truly a good life and I am grateful to all those I met on my life's long journey. Particularly my wife and my family without who's support, even when I let them down, has sustained me at all times.
