Discover the “dazzling...fascinating” (Los Angeles Times) forensic thriller that launched the New York Times bestselling Kay Scarpetta series from #1 bestselling crime writer Patricia Cornwell. Under cover of night in Richmond, Virginia, a monster strikes, leaving a gruesome trail of stranglings that has paralyzed the city. Medical examiner Kay Scarpetta suspects the worst: a deliberate campaign by a brilliant serial killer whose signature offers precious few clues. With an unerring eye, she calls on the latest advances in forensic research to unmask the madman. But this investigation will test Kay like no other, because it’s being sabotaged from within—and someone wants her dead.

From the author who virtually invented the forensic thriller comes this much-anticipated omnibus volume that features her first two novels, "Postmortem" and "Body of Evidence," that introduced Virginia Chief Medical Examiner Kay Scarpetta to the book-reading world.

The discovery of the decomposed body of a stowaway aboard a cargo ship leads Chief Medical Examiner Kay Scarpetta to a perilous international odyssey on a mission that could destroy her career and threatens her own life.

Postmortem introduces Dr. Scarpetta, who knows the smell of bone dust from a skullcap saw and how to read a body for clues via lasers, DNA, and computers. As Scarpetta slowly closes in on a killer known as Mr. Nobody, she gets the creepy, well-informed feeling that the killer is closing in on her. Cornwell's debut swept the mystery-writing awards and made her somebody. In Body of Evidence, Scarpetta investigates the murder of a Southern writer who mysteriously opened the door for her killer. In All That Remains, she hunts a serial killer of young lovers--including the daughter of the president's drug czar, which complicates the forensic chase with political intrigue. Besides suspenseful cat-and-mouse games between sleuth and killer (and writer and reader), Cornwell creates a rich cast of screwed-up characters, chiefly Scarpetta's scruffy confrere, Detective Pete Marino. Scarpetta's character is a magnetic combination of pride, drive, brains, extreme skill at cooking, and a pervasive sadness expressed with tightly wound eloquence.

Dr. Kay Scarpetta matches wits with a sadistic killer who infiltrates the FBI's top-secret artificial intelligence system and closes in on Scarpetta herself.
