"CAIA Association has developed two examinations that are used to certify Chartered Alternative Investment Analysts. The Level I curriculum builds a foundation in both traditional and alternative investment markets--for example, the range of statistics that are used to define investment performance as well as the many types of hedge fund strategies. The readings for the Level II exam focus on the same strategies, but change the context to one of risk management and portfolio optimization. Level I CAIA exam takers have to work through an outline of terms, be able to identify and describe aspects of financial markets, develop reasoning skills, and in some cases make computations necessary to solve business problems"--

Alternative Investments: CAIA Level I, 4th Edition is the curriculum book for the Chartered Alternative Investment Analyst (CAIA) Level I professional examination. Covering the fundamentals of the alternative investment space, this book helps you build a foundation in alternative investment markets. You'll look closely at the different types of hedge fund strategies and the range of statistics used to define investment performance as you gain a deep familiarity with alternative investment terms and develop the computational ability to solve investment problems. From strategy characteristics to portfolio management strategies, this book contains the core material you will need to succeed on the CAIA Level I exam. This updated fourth edition tracks to the latest version of the exam and is accompanied by the following ancillaries: a workbook, study guide, learning objectives, and an ethics handbook.

"Alternative investments have become the 'brooding omnipresence' of modern finance. As such, they are at the core of any significant discussion relating to asset allocation, risk management, and portfolio design. The topics outlined and discussed in this text provide a meaningful stop on the road toward understanding the complexities and rewards of these instruments." —Garry Crowder, Director, Institute for Alternative Investment Education and Research Sponsored by the CAIA Association, the Chartered Alternative Investment Analyst (CAIA) program consists of a two-tier exam process (Level I and Level II) through which you may earn the CAIA charter. The Level I exam challenges your understanding of the alternative investment market's tools and terms, and tests your knowledge of various trading strategies and performance measurements. The Level II exam assesses how you would apply the knowledge and analytics learned in Level I within an asset allocation framework. CAIA Level II: Advanced Core Topics in Alternative Investments contains virtually all of the material on alternative investments that potential Level II candidates would need to know as they prepare for the exam—a multifaceted assembly of questions and problem-solving tasks. Since the tools and terms introduced in Level I provide the basis for the second level of this program, the information found here will continue to focus on alternative investments—hedge funds, private equity, commodities and managed futures, and credit derivatives—but in greater depth and in the context of risk management and asset allocation. Whether you're a seasoned professional looking to explore new areas within the alternative investment arena or a new industry participant seeking to establish a solid understanding of alternative investments, CAIA Level II: Advanced Core Topics in Alternative Investments is the best way to achieve these goals, and the smartest way to prepare for such a demanding exam. Take your first steps toward attaining the CAIA charter by picking up CAIA Level I: An Introduction to Core Topics in Alternative Investments.

Whether you are a seasoned professional looking to explore new areas within the alternative investment arena or a new industry participant seeking to establish a solid understanding of alternative investments, *Alternative Investments: An Allocator's Approach, Fourth Edition* (CAIA Level II curriculum official text) is the best way to achieve these goals. In recent years, capital formation has shifted dramatically away from public markets as issuers pursue better financial and value alignment with ownership, less onerous and expensive regulatory requirements, market and information dislocation, and liberation from the short-term challenges that undergird the public capital markets. The careful and informed use of alternative investments in a diversified portfolio can reduce risk, lower volatility, and improve returns over the long-term, enhancing investors' ability to meet their investment outcomes. *Alternative Investments: An Allocator's Approach* (CAIA Level II curriculum official text) is a key resource that can be used to improve the sophistication of asset owners and those who work with them. This text comprises the curriculum, when combined with supplemental materials available at caia.org, for the CAIA Level II exam. "Over the course of my long career one tenet has held true, 'Continuing Education'. Since CalSTRS is a teachers' pension plan, it is no surprise that continuing education is a core attribute of our Investment Office culture. Overseeing one of the largest institutional pools of capital in the world requires a cohesive knowledge and understanding of both public and private market investments and strategies. We must understand how these opportunities might contribute to delivering on investment outcomes for our beneficiaries. *Alternative Investments: An Allocator's Approach* is the definitive core instruction manual for an institutional investor, and it puts you in the captain's chair of the asset owner." —Christopher J. Ailman, Chief Investment Officer, California State Teachers' Retirement System "Given their diversified cash flow streams and returns, private markets continue to be a growing fixture of patient, long-term portfolios. As such, the need to have proficiency across these sophisticated strategies, asset classes, and instruments is critical for today's capital allocator. As a proud CAIA charterholder, I have seen the practical benefits in building a strong private markets foundation, allowing me to better assist my clients." —Jayne Bok, CAIA, CFA, Head of Investments, Asia, Willis Tower Watson
