For this twelfth edition of *The American Pageant*, we have worked together closely to incorporate the most recent scholarship about American history, and to preserve the readability that has long been the Pageant's hallmark. We are often told that the Pageant is the sole American history text that has a distinctive personality -- defined by clarity, concreteness, a consistent chronological narrative, strong emphasis on major themes, avoidance of clutter, access to a variety of interpretive perspectives, and a colorful writing style leavened, as appropriate, with wit. - Preface.

The Brief American Pageant retains the vivid chronological narrative of its full-length counterpart, focusing on the great public debates that have dominated American history. Engaging features draw students into the narrative, improving comprehension and increasing their interest in the material. "Varying Viewpoints" features explore the scholarly debates surrounding major historical issues, while "Makers of America" essays focus on the diverse ethnic, racial, and activist groups that compose America's pluralistic society.

The Brief American Pageant retains the vivid chronological narrative of its full-length counterpart, focusing on the great public debates that have dominated American history. Engaging features draw students into the narrative, improving comprehension and increasing their interest in the material. "Varying Viewpoints" features explore the scholarly debates surrounding major historical issues, while "Makers of America" essays focus on the diverse ethnic, racial, and activist groups that compose America's pluralistic society.

THE BRIEF AMERICAN PAGEANT, International Edition presents a concise and vivid chronological narrative, focusing on the great public debates that have dominated American history. Colorful anecdotes, first-person quotations, and the text's trademark wit are all evident throughout. Focus questions, chapter outlines and summaries, marginal glossaries, and links to additional online study aids ensure that students understand and retain the material as they read and prepare for exams. Available in the following split options: THE BRIEF AMERICAN PAGEANT, 8E (Chapters 1-42), ISBN: 1111342954; Volume I: To 1877 (Chapters 1-22), ISBN: 1111342962; Volume II: Since 1865 (Chapters 22-42), ISBN: 1111342970.

James Loewen has revised *Teaching What Really Happened*, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retelling of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: an up-to-date assessment of the potential and pitfalls of U.S. and world history education; information to help teachers expect, and get good performance from students of all racial, ethnic, and socioeconomic backgrounds; strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography; ideas from teachers across the country.

A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

"A high-octane thriller . . . Nyxia grabs you from the first line and never lets go." —Marie Lu, #1 New York Times bestselling author of *Warcross* Every life has a price in this sci-fi thriller—the first in a trilogy—that has the nonstop action of *The Maze Runner* and the high-stakes space setting of *Illuminae*. What would you be willing to risk for a lifetime of fortune? Emmett Atwater isn't just leaving Detroit; he's leaving Earth. Why the Babel Corporation recruited him is a mystery, but the number of zeroes on their contract has him boarding their lightship and hoping to return to Earth with enough money to take care of his family. Forever. Before long, Emmett discovers that he is one of ten recruits, all of whom have troubled pasts and are a long way from home. Now each recruit must earn the right to travel down to the planet of Eden—a planet that Babel has kept hidden—where they will mine a substance called Nyxia that has quietly become the most valuable material in the universe. But Babel's ship is full of secrets. And Emmett will face the ultimate choice: win the fortune at any cost, or find a way to fight that won't forever compromise what it means to be human. "The 100 meets *Illuminae* in this high-octane sci-fi thriller." —Bustle AND DON'T MISS NYXIA UNLEASHED!

For millennia, the passing seasons and their rhythms have marked our progress through the year. But what do they mean to us now that we lead increasingly atomized and urban lives and our weather becomes ever more unpredictable or extreme? Will it matter if we no longer hear, even notice, the first cuckoo call of spring or rejoice in the mellow fruits of harvest festival? How much will we lose if we can no longer find either refuge or reassurance in the greater natural—and meteorological—scheme of things? Nick Groom's splendidly rich and encyclopedic book is an unabashed celebration of the English seasons and the trove of strange folklore and often stranger fact they have accumulated over the centuries. Each season and its particular history are given their full due, and these chapters are interwoven with others on the calendar and how the year and months have come to be measured, on important dates and festivals such as Easter, May Day and, of course, Christmas, on that defining first cuckoo call, on national attitudes to weather, our seasonal relationship with the land and horticulture and much more. The author expresses the hope that his book will not prove an elegy: only time will tell.

NATIONAL BESTSELLER • "A raucous, whip-smart collection of stories featuring retro-feminist ladies who lunch." —Elle Meet the women of *American Housewife*. They wear lipstick, pearls, and sunscreen, even when it's cloudy. They casserole. They pinwheel. And then they kill a party crasher, carefully stepping around the body to pull cookies from the oven. Taking us from a haunted pre-war Manhattan apartment building to the unique

initiation ritual of a book club, these twelve delightfully demented stories are a refreshing and wicked answer to the question: “What do housewives do all day?”
