"Involving students in real historical problems that convey powerful lessons about U.S. history, these thought-provoking activities combine core content with valuable practice in decision making, critical thinking, and understanding multiple perspectives. O'Reilly - an experienced, award winning teacher - has students tackle fascinating historical questions that put students in the shoes of a range of people from the past, from the rich and famous to ordinary citizens. Each lesson can be done either as an in-depth activity or as a "quick motivator." Detailed teacher pages give step-by-step instructions, list key vocabulary terms, offer troubleshooting tips, present ideas for post-activity discussions, and furnish lists of related sources. Reproducible student handouts clearly lay out the decision-making scenarios, provide "outcomes," and present related primary source readings and/or images with analysis questions"--Page 4 of cover.

Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara’s older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she’d traveled too far, if there was still a way home. “Beautiful and propulsive . . . The first edition of *A Symphony of Silence: An Enlightened Vision* was inspired by the desire to share with humanity, through multiple voices, the ineffable beauty we experience in our lives when the veil of ignorance is pulled back and the wonder of our essential nature is revealed.. The voices emerging from these pages add vitality and validity to our shared experience of the silence of the transcendent. It is not something beyond our reach, but a reality that has always been with us, quietly awaiting an opportunity to unfold. In this second edition of *A Symphony of Silence*, several new voices are added to the chorus of the first edition. A Catholic priest tells us of using TM as part of his inspired vision of the power of love to transform the lives of abused and destitute children from the streets of South America. The founding director of an orphanage and school in Uganda, who likewise brings TM

to children in need, describes to us his compassionate resolve to eradicate suffering within his community. A poet expresses for us in verse the joy of a seeker reaching for the light. A scientist and his colleagues show us the power of TM to reduce stress and alleviate PTSD in the field of law enforcement. An actor, director, producer, and entrepreneur, explores with us his innovative projects for inner city students through “Edutainment.” Women, who for decades dedicated themselves to introducing the TM program to their multicultural community, share with us delightful and very personal stories. A pioneering social activist brings us into the conversation he had with Maharishi in 1968 at a conference in Squaw Valley, California. He talked candidly with Maharishi about the need to introduce TM as a tool to bring inner freedom to the inner cities, helping to fulfill the quest for true civil rights. The voices in *A Symphony of Silence* create a glimpse into the vast impact that Maharishi has on many lives throughout the world.
