installed in 1931 and supported by intellectuals, the petite bourgeoisie, many campesinos (farm laborers), and the urban proletariat. Provoking heated passions on both sides, the Civil War soon became an international phenomenon that inspired a number of literary works reflecting the impact of the war on foreign and national writers. represented in this collection reflect a wide range of political positions. Writers such as Maria Zambrano, Mercè Rodoreda, and Josefina Aldecoa were clearly aligned with the Republic, whereas others, including Mercedes Salisachs and Liberata Masoliver, sympathized with the Nationalists. Most, however, are situated in a more ambiguous political space, although the ethics and character portraits that emerge in their works might suggest Republican sympathies. Taken together, the essays are an important contribution to scholarship on literature inspired by this pivotal point in Spanish history.
