Tourism as a science has been recognized by the Indonesian government since 2010, but has not been touched in depth matters are applicable. Integrated city tourism development model urgent should be done for short term and long term. Developing an urban area is an attempt to raise revenue through tax of hotels, restaurants, and increase economic activities in urban areas. Integrated city tourism will realize the satisfaction of all parties. Some cities in Indonesia deserve to be developed as a tourist city when viewed from some of the components as a tourist attraction. These components are like: the town hall, the street that contains myth and meaningful, historical monuments, culinary, colleges or universities, shopping malls, traditional markets,
