The prequel to the much anticipated Mafia Royals Romances... Something dark this way comes. He's gorgeous, mean, and mine. He catches me dreaming about him, and then just like my dream, he decides to make me his. I should have said no when he asked me to swear fealty to him. The knife clued me in first. The blood second. And third, it was the blessing of the most famous mafia bosses in the known world as they sat around the dinner table and told me that I had no choice but to join. Because they knew my secrets. And running meant I was nothing more than target practice. I said yes, because of my bully. And he told me he'd keep me safe. But who keeps me safe from him?

What happens when love is no longer enough? Jane Bernstein thought that learning to accept her daughter's disabilities meant her struggles were over. But as Rachel grew up and needed more than a parent's devotion, both mother and daughter were confronted with formidable obstacles. *Rachel in the World*, which begins in Rachel's fifth year and ends when she turns twenty-two, tells of their barriers and successes with the same honesty and humor that made *Loving Rachel*, Bernstein's first memoir, a classic in its field. The linked accounts in part 1 center on family issues, social services, experiences with caregivers, and Rachel herself—difficult, charming, hard to fathom, eager for her own independence. The second part of the book chronicles Bernstein's attempt to find Rachel housing at a time when over 200,000 Americans with mental retardation were on waiting lists for residential services. As Rachel prepares to leave her mother's constant protection, Bernstein invites the reader to share the frustrations and unexpected pleasures of finding a place for her daughter, first in her family, and then in the world.

The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

From #1 New York Times Bestselling Author Rachel Van Dyken comes a story about losing everything only to find it again...I was the golden boy. America's Quarterback. I was everything to everyone. Always available. Solid. I can remember how something felt wrong that day. And I haven't been able to get that feeling to go away. Not when I buried my child. Not when my fiancé looked at me like I'd been the reason for it all. Not when I look in the mirror and scream at the top of my lungs. Football kept me sane. But I've lost everything. And then I got a phone call. She was in an accident. She remembered nothing. A gentleman wouldn't fight for her, wouldn't remind her of the pain. So, I let her go. I let her live her happily ever after and I took all the darkness, all the pain, all the anger. Only, the universe had a sick sense of humor. She bumped into me. She pursued me. The beautiful woman I used to call mine. She said she wanted to make me smile. She didn't know she's the reason I stopped.

But the only person able to do that... is my best friend's sister, Mo Abandonato, and she just ripped my heart out and asked me to hold it in my hands while she put bullets through it. I'm cursed so I did it. I'm numb so I held it. I'm wicked so I liked it. I used the pain Mo caused as a catalyst to turn into my biggest nightmare — the five families' greatest enemy. It's
