I've read these Forbidden Men books out of order and I'm glad I've retreated to catch the ones I missed. Pick might just be my favourite of her male heroes. He's a free soul, protective without being a total idiot and there's something just so likeable about him. It definitely has something to do with his love for his step son.

I am such a sucker for "forbidden romances" (the series is called Forbidden Men ) and stories around pregnant ladies needing a hero or surrogate father that I couldn't not resist getting this book. Well, turns out there was nothing forbidden about this romance novel since it is only the name of the bar where the main characters work, but I did get plenty surrogate father, wrapped up in a crazy ...

**Be My Hero Forbidden Men Volume 3**

The Forbidden Men series is a compilation of stories about different characters in each novel whose lives intertwine with each other. To rate Forbidden status, one main character in the story must at some point in the series be a bartender at the Forbidden Nightclub and their love interest has to have some kind of forbidden element!

Once upon a time, there was this pampered rich girl who was kind of full of herself. She really only cared about appearances and hiding all her dark, ugly secrets under the guise of an opinionated snob. But then Eva Mercer got pregnant, shot by a psycho, and kicked out of the only home she knew. Now she ' s broke, unemployed, and has to start anew with a newborn to raise. But how? On the other side of town, sexy, tattooed orphan, Patrick Ryan, can ' t get a break. He ' s out on parole for defending the last damsel in distress while trying to help her support her child, but all he wants is to find his one true love. He knows this woman by scent, smile, and laugh, but he ' s never actually met her. He doesn ' t even know her name. He just knows she ' s the key to fixing everything. One kind of hero can save you from physical harm. Another can rescue you from a different kind of doom. To reach their dreams, Eva and Pick can save each other. But first, they must open their hearts and learn how to trust.

I don't care what my cousin says: I am not the queen of impossible relationships. I mean, just because my last boyfriend tried to kill me and left a bit of a scar on my neck, then forced me to move across the country and legally change my name to Reese Randall to escape him, does not mean- Oh, who am I kidding? For a freshman in college, I have to have the worst dating track record ever. It's no wonder love is the last thing on my mind when Mason Lowe enters my life. But the chemistry between us is like bam! Our connection defies logic. And he's just so freaking hot. Being around him makes me feel more alive than I've ever felt before. I even like bickering with him. He could be my soul mate...except for one teeny tiny glitch. He's a gigolo. Boy, do I know how to pick them.

Don ' t you just hate it when someone destroys all your carefully made plans? I mean, I had goals: college to graduate in one semester, a future I was working hard to reach, and an image of myself I wanted the world to see. My life was stacked into these precisely placed blocks. But then Colton Gamble came along and knocked them all askew. I hated how he messed everything up, how he could hog all my attention whenever he was around, how he made my pulse quicken—but only because he ticked me off...not because I was attracted to him. Oh! And I hated how he knew how attractive he was too, the shallow, full of himself, doesn ' t take no for an answer, too flirty, too cocky, extremely irritating jerk. The boy had all the qualities that turned me off. Or so I thought. One night he wasn ' t quite the brainless, overconfident jerk I assumed he always was. One night, he took care of me when I was at my lowest. He opened up to me and made me open up to him. Now I ' m learning maybe he ' s not what I first thought he was. And maybe I ' M not what I first thought I was. Maybe it ' s okay to rearrange a couple of my perfectly set blocks. Maybe, just maybe, I ' ll stop worrying about what I ' m afraid everyone else will think and finally reach for something I really want. It ' s possible some of my plans need to be destroyed, and Colton Gamble is exactly the kind of mess I need in my life. What do you think? Should I give him a try? Desperately seeking your advice, Julianna Radcliffe

Let your hair down, Caroline, they said. It'll be fun, they said. I know I've closed myself off in a major way in the past year, ever since " the incident " where I messed up my life completely. It's past time I try to live again or just give up completely. But this is quite possibly the craziest thing I've ever done. In a last ditch effort to invigorate myself, I'm standing outside Oren Tenning's bedroom, I just peeled off the sexiest pair of underwear I own, and my hand is already raised to knock. My brother would disown me for doing anything with his best friend, and he'd probably kill Oren. But if I play my cards right, no one will ever know about this. Not even Ten. Maybe after tonight, I ' ll finally get over this stupid, irrational crush I hate having on the biggest jerk I ' ve ever met. Or maybe I ' ll just end up falling for him even harder. Maybe I ' ll discover there ' s so much more to my crude, carefree hunk than meets the eye.

I used to think everything was black and white, truth or lie, easy or hard, that if I could just escape my strict, overbearing, abusive father, my life would be perfect. But since I ' ve found a reason to risk his wrath and leave, to help a friend in need, I ' ve come to realize everything I thought I knew is wrong. Friends have their own agenda, honesty comes with a dosage of lie, easy doesn ' t even exist, keeping secrets sucks, and love...love is the most painful thing of all. Maybe if Quinn Hamilton hadn ' t asked me to skip classes for the day and help him pick out an engagement ring for my best friend, I wouldn ' t have fallen for him so completely on that sunny Tuesday afternoon and I wouldn ' t feel so conflicted. But I did, and I can ' t take it back, no matter how hard I try. So I have to deal with the fact that even I ' m not as good, or honest, or caring as I ' d always thought I was, and no matter what I do next, someone ' s going to get hurt. Probably me. -Zoey Blakeland

Junior in college. Star athlete. Constant attention from the opposite sex. On this campus, I'm worshiped. While seven hundred miles away, back in my hometown, I'm still trailer park trash, child of the town tramp, and older sibling to three kids who are counting on me to keep my shit together so I can take them away from the same crappy life I grew up in. These two opposing sides of myself never mix until one person gets a glimpse of the true me. I never expected to connect with anyone like this or want more beyond one night. This may be the real deal.Problem is Dr. Kavanagh's my literature professor.If I start anything with a teacher and we're caught together, I might as well kiss my entire future goodbye, as well as my family's and especially Dr. Kavanagh's. Except sometimes love is worth risking everything. Or at least, it damn well better be, because I can only resist so much.

Three things in my life were fact. I needed Sarah to survive. I needed sex to remain sane. And I could never mix sex with Sarah. I just knew—deep in my marrow—that if I did, I ' d somehow lose her. All my deepest darkest secrets would crack open, bleed out, and ruin everything between us. I wouldn ' t unleash the shit inside me on my worst enemy, let alone her. So she stayed strictly in the friend zone. People probably thought I never went there with her because of her cerebral palsy, but f\*ck them. She knew she was the most important person in my world, and I wasn ' t about to risk hurting our relationship just to make my c\*ck happy. Until the moment she begged me to take her virginity. Now it ' s all about to hit the fan, because how the hell do you resist the one person forbidden to you when she says please? --Brandt Gamble

After I caught my boyfriend cheating, I tried to be mature about it with an amicable split. But he took his retaliation too far, and I have officially had enough. No more Miss Nice Haven. No one is allowed to lie to me, betray, embarrass, and devastate me, fill me with self-doubt, or put my future at risk, and expect to get away with it. He is going to feel my wrath. Enter Wick Webster, his archenemy. Nothing would provoke my ex more than to see me moving on with the one guy he hates most, so that ' s exactly what I plan to do. The only hitch in my brilliant scheme is Wick himself. He ' s just gotta be all love-not-war and peace-is-the-only-way. He ' s more concerned about helping me heal than seeking my sweet revenge. And what the hell is it about his soothing presence and yummy looks that calls to me until I forget how much pain I ' m in? He ' s making it awfully hard to use and abuse him for my malicious means. The damn guy is making me fall for him.

Gracen Lowe has a new life theory: What you don ' t know can ' t hurt you. Which is exactly why he decides not to tell his twin sister, Bella, that he ' s accidentally falling for the woman she hates most, the very woman who allegedly cheated with Bella ' s last boyfriend and broke them apart. Bella might be his best friend and ultimate confidante, but she ' d legit cut off his favorite body part if she knew which woman he ' d been craving. So even if his theory ' s totally whack, staying quiet will definitely keep him safer. Except he feels so guilty about it all. Meanwhile, Bella ' s heating up the sheets with one of Gracen ' s best friends, and she can ' t seem to reveal that little detail to her brother either, due to—you know—reasons. When the truth is exposed, all bets are off. Shattered secrets will either set everyone free or wreck their relationships forever.

Tiffany Noboru has just awakened from her death, only to discover she has been drafted into the Gargoyle Ghost Hunter Corps. Soon she is fighting jealous rivalries within her own ranks, struggling to unravel the mystery of her recent death, and trying to avoid being killed a second time by a maniacal ghost named Bones who is seeking the destruction of the gargoyle world. In this full-length novel, appropriate for teens and young adults, a new twist on the role of gargoyles is imaginatively brought to life in spellbinding fashion. Woven into the pages are twenty original works of art by Miimork, which breathe life into this ghostly tale.
