Between Barack And A Hard

In Between Barack and a Hard Place he explores the real issues of race in the Obama campaign and incoming presidency, issues that the mainstream media has chosen to ignore. His book debunks any notion that the United States has entered a post-racial period; instead he identifies the problems that emerge in the context of the victory of a black presidential candidate who chose to run an essentially non-racial campaign.

Posted on October 13, 2011 by sdonline. Tim Wise, Between Barack and a Hard Place: Racism and White Denial in the Age of Obama (San Francisco: City Light Books/Open Media Series, 2009) To what extent may the election of Barack Obama to the highest political office in the United States have heralded the emergence of a new form of racism in America? Wise defines this variation of racism as "Racism 2.0" or "enlightened exceptionalism."

## Read Online Between Barack And A Hard Place Racism White Denial In The Age Of Obama Tim Wise

explores how Barack Obama's emergence as a political force is taking the race debate to new levels. According to Wise, for many white people, Obama's rise signifies the end of racism as a pervasive social force; they point to Obama not only as a validation of the American ideology that anyone can make it if they work hard, but also as an example of how institutional barriers against people of color have all but vanished. But is this true? And does a reinforced white belief in color-blind meritocracy potentially make it harder to address ongoing institutional racism? After all, in housing, employment, the justice system, and education, the evidence is clear: white privilege and discrimination against people of color are still operative and actively thwarting opportunities, despite the success of individuals like Obama. Is black success making it harder for whites to see the problem of racism, thereby further straining race relations, or will it challenge anti-black stereotypes to such an extent that racism will diminish and race relations improve? Will blacks in power continue to be seen as an "exception" in white eyes? Is Obama "acceptable" because he seems "different from most blacks," who are still viewed too often as the dangerous and inferior "other"? "From the Civil Rights struggle, to Dr. King's dream, to Barack Obama's election, Tim Wise provides us with an extremely important and timely analysis of the increasing complexity of race on the American political and social landscape. Between Barack and a Hard Place: Racism and White Denial in the Age of Obama provides an insightful and much needed lens through which we can begin to navigate this current stage in our ongoing quest for a more inclusive definition of who we are as a nation. It's definitely a book for these times!"—Danny Glover "Tim Wise has looked behind the curtain. In Between Barack and a Hard Place he explores the real issues of race in the Obama campaign and incoming presidency, issues that the mainstream media has chosen to ignore. His book debunks any notion that the United States has entered a post-racial period; instead he identifies the problems that emerge in the context of the victory of a black presidential candidate who chose to run an essentially non-racial campaign. With this book, Wise hits the bull's eye."—Bill Fletcher "Wise outlines...how racism and white privilege have morphed to fit the modern social landscape. In prose that reads like his lightning rod speeches, he draws from a long list of high-profile campaign examples to define what he calls 'Racism 2.0,' a more insidious form of racism that actually allows for and celebrates the achievements of individual people of color because they're seen as the exceptions, not the rules."—Jamilah King, Colorlines "This book makes an intriguing argument and is packed with insight. Wise clearly explains the complexity of institutional racism in contemporary society. He continuously reminds the reader that Obama's victory may signal the entrenchment of a more complicated, subtle, and insidious form of racism. The jury is still out."—Jeff Torlina, Multicultural Review Tim Wise is among the most prominent antiracist writers and activists in the US and has appeared on ABC's 20/20 and MSNBC Live. His previous books include Speaking Treason Fluently and White Like Me.

"Sparing neither family nor self he considers how the deck has always been stacked in his and other white people's favor. His candor is invigorating."—Publishers Weekly" One of the most brilliant, articulate and courageous critics of white privilege in the nation."—Michael Eric Dyson The old notion that "being white means never having to think about it" is being challenged on all fronts as whites are increasingly having to wrestle with what it means to be part of a fast-changing, culturally diverse nation. In Dear White America Tim Wise directly addresses white people's growing concerns about political, cultural, and community-level shifts displacing their power and privilege. Wise examines the perfect storm of events fueling white anxiety: the election of a black president, economic insecurity at a level unseen by whites as a group in seventy-five years, a popular culture that reflects the nation's growing multicultural reality, and demographic shifts that make it increasingly difficult for whites—who have long been able to see themselves as the prototypical American—to continue to view themselves as the norm. Through stories, anecdotes, and analysis, Wise taps current trends and addresses how to move forward as a unified, diverse, and vibrant democracy. Tim Wise is one of the most prominent antiracist essayists, educators, and activists in the United States. He is regularly interviewed by A-list media, including CNN, C-SPAN, The Tavis Smiley Show, The Tom Joyner Morning Show, Michael Eric Dyson's radioprogram, and many more. His most recent books include Colorblind and Between Barack and a Hard Place"--

The son of an African father and white American mother discusses his childhood in Hawaii, his struggle to find his identity as an African American, and his life accomplishments.

How "colorblindness" in policy and personal practice perpetuate racial inequity in the United States today

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his

## Read Online Between Barack And A Hard Place Racism White Denial In The Age Of Obama Tim Wise

thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

Forthcoming: A scalding indictment of how the wealthy influence the national economy, politics, and media to disadvantage those already less fortunate.

Discover the life lessons from Barack Obama that can transform your life! Special introductory promotion: Get This Great Kindle Book for Just \$2.99. NEW YORK TIMES BESTSELLER • Two longtime friends share an intimate and urgent conversation about life, music, and their enduring love of America, with all its challenges and contradictions, in this stunningly produced expansion of their groundbreaking Higher Ground podcast, featuring more than 350 photographs, exclusive bonus content, and never-before-seen archival material. Renegades: Born in the USA is a candid, revealing, and entertaining dialogue between President Barack Obama and legendary musician Bruce Springsteen that explores everything from their origin stories and career-defining moments to our country's polarized politics and the growing distance between the American Dream and the American reality. Filled with full-color photographs and rare archival material, it is a compelling and beautifully illustrated portrait of two outsiders—one Black and one white—looking for a way to connect their unconventional searches for meaning, identity, and community with the American story itself. It includes: • Original introductions by President Obama and Bruce Springsteen • Exclusive new material from the Renegades podcast recording sessions • Obama's never-before-seen annotated speeches, including his "Remarks at the 50th Anniversary of the Selma to Montgomery Marches" • Springsteen's handwritten lyrics for songs spanning his 50-year-long career • Rare and exclusive photographs from the authors' personal archives • Historical photographs and documents that provide rich visual context for their conversation In a recording studio stocked with dozens of guitars, and on at least one Corvette ride, Obama and Springsteen discuss marriage and fatherhood, race and masculinity, the lure of the open road and the call back to home. They also compare notes on their favorite protest songs, the most inspiring American heroes of all time, and more. Along the way, they reveal their passion for—and the occasional toll of—telling a bigger, truer story about America throughout their careers, and explore how our fractured country might begin to find its way back toward unity and global leadership.

The concept of a more perfect union remains a constant theme in the political rhetoric of Barack Obama. From his now-historic race speech to his second victory speech delivered on November 7, 2012, that striving is evident. "Tonight, more than two hundred years after a former colony won the right to determine its own destiny, the task of perfecting our union moves forward," stated the forty-fourth president of the United States upon securing a second term in office after a hard-fought political contest. Obama borrows this rhetoric from the founding documents of the United States set forth in the U.S. Constitution and in Abraham Lincoln's "Gettysburg Address." How naive or realistic is Obama's vision of a more perfect American union that brings together people across racial, class, and political lines? How can this vision of a more inclusive America be realized in a society that remains racist at its core? These essays seek answers to these complicated questions by examining the 2008 and 2012 elections as well as the events of President Obama's first term. Written by preeminent race scholars

## Read Online Between Barack And A Hard Place Racism White Denial In The Age Of Obama Tim Wise

from multiple disciplines, the volume brings together competing perspectives on race, gender, and the historic significance of Obama's election and re-election. The president heralded in his November 2012 acceptance speech, "The idea that if you're willing to work hard, it doesn't matter who you are, or where you come from, or what you look like . . . whether you're black or white, Hispanic or Asian or Native American." These essayists argue the truth of that statement and assess whether America has made any progress toward that vision.

HILLARY RODHAM CLINTON'S INSIDE ACCOUNT OF THE CRISES, CHOICES AND CHALLENGES SHE FACED DURING HER FOUR YEARS AS AMERICA'S 67TH SECRETARY OF STATE, AND HOW THOSE EXPERIENCES DRIVE HER VIEW OF THE FUTURE, INCLUDING A NEW EPILOGUE. 'All of us face hard choices in our lives,' Hillary Rodham Clinton writes at the start of this personal chronicle of years at the centre of world events. 'Life is about making such choices. Our choices and how we handle them shape the people we become.' In the aftermath of her 2008 presidential run, she expected to return to representing New York in the United States Senate. To her surprise, her formal rival for the Democratic Party nomination, newly elected President Barack Obama, asked her to serve in his administration as Secretary of State. This memoir is the story of the four extraordinary and historic years that followed, and the hard choices that she and her colleagues confronted. Secretary Clinton and President Obama had to decide how to repair fractured alliances, wind down two wars and address a global financial crisis. They faced a rising competitor in China, growing threats from Iran and North Korea, and revolutions across the Middle East. Along the way, they grappled with some of the toughest dilemmas of US foreign policy, especially the decision to send Americans into harm's way, from Afghanistan to Libya to the hunt for Osama bin Laden. By the end of her tenure, Secretary Clinton had visited 112 countries, travelled nearly one million miles and gained a truly global perspective on many of the major trends reshaping the landscape of the twenty-first century, from economic inequality to climate change to revolutions in energy, communications and health. Drawing on conversations with numerous leaders and experts, Secretary Clinton offers her views on what it will take for the United States to compete and thrive in an interdependent world. She makes a passionate case for human rights and the full participation in society of girls, youth and LGBT people. An astute eyewitness to decades of social change, she distinguishes the trendlines from the headlines and describes the progress occurring throughout the world, day after day. Secretary Clinton's descriptions of diplomatic conversations at the highest levels offer readers a masterclass in international relations, as does her analysis of how we can best use 'smart power' to deliver security and prosperity in a rapidly changing world - one in which America remains the indispensable nation.
