This three-volume Encyclopedia of Law Enforcement provides a comprehensive, critical, and descriptive examination of all facets of law enforcement on the state and local, federal and national, and international stages. This work is a unique reference source that provides readers with informed discussions on the practice and theory of policing in an historical and contemporary framework. The volumes treat subjects that are particular to the area of state and local, federal and national, and international policing. Many of the themes and issues of policing cut across disciplinary borders, however, and several entries provide comparative information that places the subject in context.

Renowned for being THE definitive resource for homicide investigators, Practical Homicide Investigation: Tactics, Procedures, and Forensic Techniques details the recognized protocols used by investigative divisions of major police departments throughout the world. The text is used in most police academies, including the FBI Academy in Quantico, Virginia. Now in its fifth edition, the book begins with a comprehensive discussion of homicide crime scenes and moves chronologically from initial police notification, the correct police response that follows, and the subsequent steps necessary to conduct an intelligent investigation. It then delves into the more technical aspects of homicide investigation, augmented with numerous pictures and full-color illustrations that involve pertinent case histories. This latest edition includes three new chapters along with fully revised chapters with new case histories and techniques that reflect the latest forensic methods and modern investigative procedures. Highlights of the Fifth Edition Include: Newly revised "Homicide Investigator ' s Checklist" A new chapter on the latest DNA technology A rewritten chapter on equivocal death investigations that includes staged crime scenes Additional information on modes of death Fully updated chapters on death notifications, sex-related homicide, management for police administrators, suicide investigation, and narcotics-related and homosexually based homicides Over 920 photos and illustrations, 250 new photographs, and several new case histories Eminent author, lecturer, consultant, and expert witness Vernon J. Geberth incorporates his more than four and a half decades of real-world law enforcement experience in this quintessential reference. This classic and must-have resource provides the most vital information needed by detectives and police investigators responsible for cases in violent and sudden death. Remember: do it right the first time. You only get one chance. —Vernon J. Geberth, M.S., M.P.S., Homicide and Forensic Consultant, Author of Practical Homicide Investigation, and Series Editor of The Practical Aspects of Criminal and Forensic Investigations

Contains a complete sixth grade mathematics curriculum with connections to other subject areas.

An all-in-one reference providing convenience, value, and the authority of Oxford dictionaries. The Oxford American Desk Dictionary & Thesaurus Third Edition is the ideal all-in-one reference, with a dictionary and a thesaurus combined in one handy, integrated volume. A word's meanings, synonyms, and antonyms are given in the same entry, allowing the user access to all this information at a glance. The text is fully updated with the latest lexical content, informed by Oxford's extensive language research program, including the Oxford English Corpus, a unique electronic database of more than two billion words that allows us to offer the fullest, most accurate picture of the English language today. Hundreds of new words cover computing, ecology, technology, and many other subjects. The Dictionary & Thesaurus includes helpful extra features such as a center Reference section of essential ready reference. Within the text, usage tip boxes help users write more effective English. A completely redesigned interior lends an open, readable look that makes this reference accessible and easy to use. Find out more about our living language using Oxford Dictionaries Online - updated regularly with the latest changes to words and meanings, so you have the most accurate picture of English available. Use the thousands of audio pronunciations to hear how words are spoken. Improve your confidence in writing with helpful grammar and punctuation guides, full thesaurus information, style and usage help, and much more. Discover more on oxforddictionaries.com, Oxford's hub for dictionaries and language reference.
