A groundbreaking
study of American

patriotism and the
symbolic power of
the national flag.

The first martyr to
the cause of
American liberty
was Major General
Joseph Warren, a
well-known political
orator, physician,
and president of the
Provincial Congress
of Massachusetts.

Get Free Blood And Sacrifice

Shot in the face at
close range at
Bunker Hill, Warren
was at once
transformed into a
national hero, with
his story appearing
throughout the
colonies in
newspapers, songs,
pamphlets,
sermons, and even
theater productions.
His death, though

shockingly violent,
was not unlike tens
of thousands of
others, but his
sacrifice came to
mean something
much more
significant to the
American public.
Sealed with Blood
reveals how public
memories and
commemorations of
Revolutionary War

heroes, such as those for Warren, helped Americans form a common bond and create a new national identity. Drawing from extensive research on civic celebrations and commemorative literature in the half-century that followed the War

Get Free Blood And Sacrifice

for Independence,
Sarah Purcell
shows how people
invoked memories
of their
participation in and
sacrifices during
the war when they
wanted to shore up
their political
interests, make
money, argue for
racial equality,
solidify their class

Get Free Blood And Sacrifice

status, or protect their personal reputations. Images were also used, especially those of martyred officers, as examples of glory and sacrifice for the sake of American political principles. By the midnineteenth century, African Americans, women,

Get Free Blood And Sacrifice

and especially poor white veterans used memories of the Revolutionary War to articulate their own, more inclusive visions of the American nation and to try to enhance their social and political status. Black slaves made explicit the connection between

military service and
claims to freedom
from bondage.

Between 1775 and
1825, the very idea
of the American
nation itself was
also democratized,
as the role of "the
people" in keeping
the sacred memory
of the
Revolutionary War
broadened.
