Blowback (firearms) | Military Wiki | Fandom

The term "Blowback" refers to the action of the slide, which moves back and forth with each trigger pull providing a satisfying kick. Players often choose gas blowback pistols as they are extremely accurate representations of real firearms, and are used extensively by military

forces worldwide for training or simulation purposes.

CO2 Blowback Airsoft Pistols| Airsoft Gas Blow back Guns

An inline blowback is a type of blowback design. A blowback marker is one that when the trigger is pulled, the sear is released, which allows the striker, which is linked to the bolt, to slam into the valve, which releases air into the bolt, which is redirected out the barrel.

Inline blowback (paintball) - Wikipedia

When it comes to realism, gas blowback is as real as it gets in the airsoft gun world. Airsoft gas blowback pistols are powered by compressed gas which gives them an instantaneous trigger response. The blowback action causes the slide to shoot back with each shot and that adds recoil, just like a real pistol.

"Blowback" is a CIA term first used in March 1954 in a recently declassified report on the 1953 operation to overthrow the government of Mohammed Mossadegh in Iran. It is a metaphor for the ...

Blowback | The Nation

Brad Thor is the #1 New York Times bestselling author of 20 thrillers, including: Near Dark, Backlash, Spymaster, The Last Patriot, Blowback, Foreign Influence, and The Lions of Lucerne.

An explosive account of the resentments American policies are sowing around the world and of the payback that will be our harvest in the twenty-first century. Blowback, a term invented by the CIA, refers to the unintended consequences of American policies. In this sure-to-be-controversial book, Chalmers Johnson lays out in vivid detail the dangers faced by our overextended empire, which insists on projecting its military power to every corner of the earth and using American capital and markets to force global economic integration on its own terms. From a case of rape by U.S. servicemen in Okinawa to our role in Asia's financial crisis, from our early support for Saddam Hussein to our actions in the Balkans, Johnson reveals the ways in which our misguided policies are planting the seeds of future disaster. In the wake of the Cold War, the United States has imprudently expanded the commitments it made over the previous forty years, argues Johnson. In Blowback, he issues a warning we would do well to consider: it is time for our empire to demobilize before our bills come due.

From #1 New York Times, #1 Wall Street Journal, and #1 Publishers Weekly bestselling author, Brad Thor, comes Blowback. Scot Harvath's counterterrorism career has just crashed and burned—thanks in part to a ruthless senator with her sights set on the White House. But when the war on terror takes a chilling turn, the president has no choice but to secretly bring Harvath back inside. Deep beneath an Alpine glacier, an ancient weapon designed to decimate the Roman Empire has been unearthed—and a shadowy organization intends to use it for America's downfall. Racing across Europe, Harvath must secure the ultimate instrument of destruction before it brings the United States and the rest of the world to their knees.

A searing account of a dark "chapter in U.S. Cold War history . . . to help the anti-Soviet aims of American intelligence and national security agencies" (Library Journal). Even before the final shots of World War II were fired, another war began—a cold war that pitted the United States against its former ally, the Soviet Union. As the Soviets consolidated power in Eastern Europe, the CIA scrambled to gain the upper hand against new enemies worldwide. To this end, senior officials at the CIA, National Security Council, and other elements of the emerging US national security state turned to thousands of former Nazis, Waffen Secret Service, and Nazi collaborators for propaganda, psychological warfare, and military operations. Many new recruits were clearly responsible for the deaths of countless innocents as part of Adolph Hitler's "Final Solution," yet were whitewashed and claimed to be valuable intelligence assets. Unrepentant mass murderers were secretly accepted into the American fold, their crimes forgotten and forgiven with the willing complicity of the US government. Blowback is the first thorough, scholarly study of the US government's extensive recruitment of Nazis and fascist collaborators right after the war. Although others have approached the topic since, Simpson's book remains the essential starting point. The author demonstrates how this secret policy of collaboration only served to intensify the Cold War and has had lasting detrimental effects on the American government and society that endure to this day.

Overt CIA ops officer Vanessa Pierson is finally close to capturing the world's most dangerous international nuclear arms dealer: Bhoot, alias the ghost. One of her assets has information about Bhoot's upcoming visit to a secret underground nuclear weapons facility in Iran -- in only a few days. But just as Pierson's informant is about to give her the location, they're ambushed by an expert sniper. Pierson narrowly escapes. Her asset: dead.

He's just gotten some bad news, and its impact has made him immobile and fearful. He's always known that the racking cough was not just something that was going to go away, that the ache in his chest was indicative of something more serious. And now he's found out that he has a lesion on his lung which could be malignant. He's set to sit and wait and do nothing else until he gets the results, but is swayed into action by a call from an old buddy of his from the service, Harry Burroughs. Harry has an isolated fishing camp in Northern California. Currently, he has several people in residence. Recent events have convinced him that the place is a powderkeg waiting to erupt into violence. Therefore, the call to Nameless. What Nameless finds on his arrival is a simmering situation, mostly caused by the presence of a very erotic woman by the name of Angela who is there with her extremely jealous husband, Ray, who is even more combustible because he's a heavy drinker. Angela is a woman who plays sweet but gets deep underneath a man's skin and is nowhere near as innocent as she would have folks believe. And then the murders start. The first doesn't seem to have anything to do with the situation when a rug dealer is killed in his van. But then the inhabitants of the camp become targets, including Nameless. He faces more than the usual share of danger as he is entombed in a cave. The book has a little bit of everything—sexual intrigue, theft, murder, violence—all leavened by Nameless searching for the truth in a high tension environment.

"Adventure, political intrigue, suspense, and action galore." —Steve Berry A MISSION FOR JUSTICE Explosions rock London, Paris, and Washington. Casualties number in the thousands. The President orders his covert agencies to retaliate with full force. It's time to launch Operation Blowback. The Defense Intelligence Agency's Bridget Davenport was in the strike zone when the terrorists attacked. Claiming

responsibility is Al-Souri, a jihadist who has consolidated multiple extremist cells in Syria. He plans to establish his own rule and wage all-out war against the West. For Blowback to succeed, Bridget needs a covert operative to infiltrate Al-Souri's forces. U. S. Army Lieutenant Faraz Abdallah is still recovering from his last mission. But both he and Bridget know he's the only man for the job. Faraz must re-enter the terrorists' deadly world -- before America's enemies launch their next offensive. "Reading Blowback is like saddling a rocket. Once it gets going, hang on for the ride!" —John Gilstrap "A riveting and relentless read." —Jon Land "Blowback kept me up all night. Al Pessin is the new Tom Clancy." —Tony Park "A timely thriller that pulls no punches. Highly recommended." —Ward Larsen

Puy-de-Dôme, France. A Silenced Man. Footprints in the snow lead to the murder scene of Marc Fraysse, France's most celebrated chef - brutally shot before he could make the revelation of his career. A Determined Man. Seven years on and the mystery still raw, Enzo Macleod, forensic investigator, forays into the heated world of haute cuisine to uncover bitter feuds and a burning secret. A Hunted Man. The Fraysse family history is as twisted Enzo's own. And in his pursuit of truth, the depths of deceit threaten to consume Enzo - and that which he cherishes most.

Seven years earlier, France's top chef, Marc Fraysse, summoned the world's culinary press to his remote restaurant in central France to make an announcement that he said would cause shockwaves in the culinary community. Speculating that Fraysse's restaurant was about to lose one of his precious Michelin stars, the reporters were shocked to find instead that the great chef had been murdered. In the end, the media left without a clue about the message the chef intended to deliver or about who might have killed him. Continuing his string of investigations into stubborn cold cases, ex-forensics superstar Enzo Macleod takes on the case, diving into the big business and high stakes of French haute cuisine. Winter has settled in around the mountaintop restaurant, causing complications. And as he learns more about the complex web of relationships that surrounded the celebrated (if also mercurial) chef--a spurned lover, a jealous wife, an estranged brother, an embittered food critic--Macleod begins to see parallels with his own life and loves. In diving into this new case, he finds himself reopening old wounds of his own . . .

Blowback: a deadly unintended consequence of a covert operation Thirteen years ago, Jamie Hunt sacrificed everything to keep her sister protected and safe. Now she lives alone, works alone, survives alone. When a covert mission goes horribly wrong, suddenly she can trust no one. Not her boss, not her agency, not even herself. Lucas Goodman, former FBI agent turned PI, is on the trail of a missing teenager when his investigation leads him to Jamie. Despite her attempts to ditch him, Lucas tenaciously continues to shadow Jamie, realizing he doesn't just want information...he wants her. When their investigations collide and her sister is in danger, Jamie is forced to team up with Lucas. Together they must expose the connection between agents' murders, a missing teenager, and a sixty-year-old government conspiracy. But can she open her heart to find the truth within the lies? BLOWBACK is the first novel in the Black Cipher Files series. The Black Cipher Files is a fast-paced, edgy romance and espionage series that features hot, alpha heroes and kick-ass heroines working to uncover long-buried secrets from the past so they can save their future.
