the book up to date and to provide supplementary materials that may be useful to readers. Checking this site periodically will keep the information in your BJM current and accurate.

The Bluejacket's Manual | U.S. Naval Institute  
Edition Numbers. Early Bluejackets' Manual (BJM) edition numbers present a problem. The 1903 edition clearly states 2nd edition. The 1907, 1908, 1910, 1911, two different 1913 versions, and the 1914 version do not state an edition number on the cover or on the title page. Not until the 1915 BJM does Third Edition boldly appears on the cover.

Sailor whose decades of naval service included sea duty in patrol craft ...

A handbook for the United States Navy covers such topics as military fundamentals, security, duty assignments, pay and benefits, and shipboard life.

In 1902 when Lt. Ridley McLean first wrote this "sailor's bible, " he described it as a manual for every person in the naval service. One hundred years later, it continues to serve as a primer for newly enlisted sailors and as a basic reference for all naval

personnel--from seaman to admiral. New technology is artfully blended with ancient heritage, facts and figures are augmented by helpful advice, and the mysterious language of the sea is preserved and deciphered in a volume that has served the United States Navy for an entire century. Updated throughout, the book provides the latest Navy ratings, uniforms, ships, aircraft, and weapons as well as current Navy policies on hazing, fraternization, education, and physical fitness, and a completely new chapter explaining the Navy's mission in terms of its rich heritage.

Containing information on the US Navy's customs and ceremonies, this new edition includes details of the

recent technological advances in today's Navy. The book has sections covering weapons, ships and aircraft, training procedures and the code of military justice.

The men of the U.S. Navy's brown-water force played a vital but often overlooked role in the Vietnam War. Known for their black berets and limitless courage, they maneuvered their aging, makeshift craft along shallow coastal waters and twisting inland waterways to search out the enemy. In this moving tribute to their contributions and sacrifices, Tom Cutler records their dramatic story as only a participant could. His own Vietnam experience enables him to add a striking human dimension to the account. The terror of

firefights along the jungle-lined rivers, the rigors of camp life, and the sudden perils of guerrilla warfare are conveyed with authenticity. At the same time, the author's training as a historian allows him to objectively describe the scope of the navy's operations and evaluate their effectiveness. Winner of the Navy League's Alfred Thayer Mahan Award for Literary Achievement in 1988 when the book was first published, Cutler is credited with having written the definitive history of the brown-water sailors, an effort that has helped readers better understand the nature of U.S. involvement in the war.

Specifically designed to acquaint civilians with the

idiosyncrasies and unique situations within the United States Navy, this reference provides the words and steps needed to serve as an introduction for new employees and a ready reference for veteran workers.

Military ways are quite enigmatic, resulting in an alien world where acronyms often replace words and where “ 1330 ” is a time of day. Add to that, the Navy is not only military, it is nautical, which means that centuries of sea-going terminology and practices are added to the confusion. While the young men and women who sign on to become Sailors in the United States Navy receive extensive indoctrination and training, their parents do not. As their sons and daughters are becoming

# Bookmark File PDF Blue Jacket Manual

uniformed, the parents soon find themselves rapidly becoming uninformed. This book serves as the antidote to that debilitating disease of “uninformativity.” In these pages parents will find many of the mysteries of the Navy explained. It is both a translation guide—helping parents to understand the many new terms they will be hearing—and also a cultural guide, an explanation of their son’s or daughter’s chosen new world that includes high standards and a level of dedication not found in most walks of life. Alongside chapters covering uniforms, ranks, ships, and aircraft, parents will find explanations and guidance as to what to expect when their child first joins the Navy, the many benefits their Sailor will enjoy, and what parents should bring

# Bookmark File PDF Blue Jacket Manual 24th Edition

and do when visiting their Sailors in their new and somewhat alien world. Derived from another Naval Institute Press book by the same author, *The Citizen's Guide to the U.S. Navy*, this informative book is a highly accessible guide that explains the strange ways of the Navy in terms that non-Sailors can understand. In nine short chapters, the author reveals such things as the many titles that military people have, the various alphanumeric designations that military personnel use to identify and distinguish themselves, the organization of the Navy and the Department of Defense, the origins and practices of such things as saluting, flag etiquette, side boys, and odd language (such as “aye-aye”), and an explanation of the many missions of the Navy. Also

# Bookmark File PDF Blue Jacket Manual 24th Edition

included is a primer on the various ships and aircraft that make up today ' s fleet, a guide to “ reading ” a uniform, and the demystification of such things as the phonetic alphabet and military time. Designed to be an easy read for those who want the whole story, The Parent ' s Guide to the Navy is also a useful reference work, easily “ navigated ” to find needed information. While parents need not be experts on the Navy, there is a middle ground that this book serves by providing a readable, edifying, and often entertaining explanation of this important but sometimes mysterious branch of the U.S. armed forces.

also ideal for members of the U.S. Coast Guard Auxiliary and civilian recreational boaters. Key chapters include ones on first aid, boating safety, fire-fighting, maintenance, swimming, and lifesaving. This volume is ideal for anyone serving in the U.S. Coast Guard.

In the spring of 1974, Second Lieutenant Hiroo Onoda of the Japanese army made world headlines when he emerged from the Philippine jungle after a thirty-year ordeal. Hunted in turn by American troops, the Philippine police, hostile islanders, and successive Japanese search parties, Onoda had skillfully outmaneuvered all his pursuers, convinced that World

War II was still being fought and that one day his fellow soldiers would return victorious. This account of those years is an epic tale of the will to survive that offers a rare glimpse of man's invincible spirit, resourcefulness, and ingenuity. A hero to his people, Onoda wrote down his experiences soon after his return to civilization. This book was translated into English the following year and has enjoyed an approving audience ever since.
