BMW's fourth generation 5 Series vehicles, known by the chassis designation E39, were sold between 1995 to 2003. Although the E39 was replaced by BMW E60 in 2003, the E39 Touring models continued production through the end of 2003. With an increased wheelbase over the BMW E34 (the E39's successor), and body rigidity increases, suspension was able to operate more precisely and improve ride quality.

The ultimate service manuals! Bentley manuals are the only comprehensive, single source of service

information and specifications available for BMW cars.

These manuals provide the highest level of clarity and

completeness for all service and repair procedures.

Enthusiasts, do-it-yourselfers, and professional

technicians will appreciate the quality of photographs

and illustrations, theory of operation, and accurate step-

by-step instructions. If you are looking for better

understanding of your BMW, look no further than

Bentley. Even if you do not repair your own vehicle,

knowledge of its internal workings will help you when

discussing repairs and maintenance with your

professional automotive technician. This Bentley

Manual is the only comprehensive, single source of

service information and specifications available

specifically for BMW 5 Series from 1997 to 2002. The

aim throughout this manual has been simplicity, clarity

and completeness, with practical explanations, step-by-
