A brand-new historical fantasy from a legend of the genre. Fans of Bernard Cornwell, Conn Igguldren and Joe Abercrombie will love this. Reinmar of Bielawa, sometimes known as Reynevan, is a doctor, a magician and, according to some, a charlatan. Discovered in bed with the wife of a high-born knight, he must flee his normal life. But his journeys will lead him into a part of Europe which will be overtaken by chaos. Religious tension between Hussite and Catholic countries is threatening to turn into war. Pursued not only by the affronted Stercza brothers, bent on vengeance, but also by the Holy Inquisition, and with strange, mystical forces gathering in the shadows, Reynevan finds himself in the Narrenturm, the Tower of Fools. The Tower is an asylum for the mad, or for those who dare to think differently and challenge the prevailing order. The 'patients' of this institution form a gallery of colourful types including the young Copernicus, proclaiming the truth of his heliocentric solar system. But can Reynevan escape the Tower, and avoid being drawn in to the conflict around him, without losing his own mind? The first in an epic new trilogy set during the vibrantly depicted Hussite Wars by Andrzej Sapkowski, author of the bestselling Witcher series that has become an international phenomenon and inspired a bestselling videogame and Netflix show. Translated by David French, who worked with Sapkowski on six Witcher books. * * * * * * * * * * A ripping yarn delivered with world-weary wit, bursting at the seams with sex, death, magic and madness' Joe Abercrombie

The Japanese mafia - known collectively as yakuza - has had an extensive influence on Japanese society over the past fifty years. Based on extensive interviews with criminals, police officers, lawyers, journalists, and academics, this is the first academic analysis in English of Japan's criminal syndicates. Peter Hill argues that the essential characteristic of Japan's criminal syndicates is their provision of protection to consumers in Japan's under- and upper-worlds. In this respect they are analogous to the Sicilian Mafia, and the mafias of Russia, Hong Kong and the United States. Although the yakuza's protective mafia role has existed at least since the end of the Second World War, and arguably longer, their sources of income have not remained constant. The yakuza have undergone considerable change in their business activities over the last half-century. The two key factors driving this evolution have been the changes in the legal, and law-enforcement environment within which these groups must operate, and the economic opportunities available to them. This first factor demonstrates that the complex and ambiguous relationship between the yakuza and the state has always been more than purely symbiotic. With the introduction of the boryokudan (yakuza) countermeasures law in 1992, the relationship between the yakuza and the state has become more unambiguously antagonistic. Assessing the impact of this law is, however, problematic; the contemporaneous bursting of Japan's economic bubble at the beginning of the 1990s also profoundly and adversely influenced yakuza sources of income. It is impossible to completely disentangle the effects of these two events. By the end of the twentieth century, the outlook for the yakuza was bleak and offered no short-term prospect of amelioration. More profoundly, state-expropriation of protection markets formerly dominated by the yakuza suggests that the longer-term prospects for these groups are bleaker still: no longer, therefore, need the yakuza be seen as an inevitable and necessary evil.

WARRIORS OF GOD, the second volume of the Hussite Trilogy by Andrzej Sapkowski, author of the bestselling Witcher series, depicts the adventures of Reynevan and his friends in the years 1427-28 as war erupts across Europe. Reynevan begins by hiding away in Bohemia but soon leaves for Silesia, where he carries out dangerous, secret missions entrusted to him by the leaders of the Hussite religion. At the same time he strives to avenge the death of his brother and discover the whereabouts of his beloved. Once again pursued by multiple enemies, Reynevan is constantly getting into and out of trouble. Sapkowski's deftly written novel delivers gripping action full of numerous twists and mysteries, seasoned with elements of magic and Sapkowski's ever-present - and occasionally bawdy - sense of humour. Fans of the Witcher will appreciate the rich panorama of this slice of the Middle Ages.

Experience the story from start to finish. Get every single book following the exploits of Geralt the Witcher - revered and hated - who holds the line against the monsters plaguing humanity. These eight books are a comprehensive collection of the books that inspired a bestselling video game and the major Netflix series. Geralt of Rivia is a Witcher, a man whose magic powers and lifelong training have made him a brilliant fighter and a merciless assassin. Yet he is no ordinary killer: he hunts the vile fiends that ravage the land and attack the innocent. But not everything monstrous-looking is evil; not everything fair is good. . . . and in every fairy tale there is a grain of truth. Read the epic Witcher saga from start to finish with this eBook boxset, which contains all eight books in the ground-breaking series. The Last Wish, Blood of Elves translated by Danusia Stok. Sword of Destiny, Time of Contempt, Baptism of Fire, The Tower of the Swallow, The Lady of the Lake, Season of Storms translated by David French. Andrzej Sapkowski, winner of the World Fantasy Lifetime Achievement award, started an international phenomenon with his Witcher series. The Last Wish is the perfect introduction to this one-of-a-kind fantasy world.

Four World War II infantrymen recover at an army hospital, and struggle to readjust to the home front, in this New York Times–bestselling novel. At the end of a long journey across the Pacific, a ship catches sight of California. On board are hundreds of injured soldiers, survivors of the American infantry's battle to wrest the South Seas from the Japanese Empire. As the men on deck cheer their imminent return to their families, wives, and favorite girls, four stay below, unable to join in the celebration. These men are broken by war and haunted by what they learned there of the savagery of mankind. As they convalesce in a hospital in Memphis, the pain of that knowledge will torment them far worse than any wound. The third of James Jones's epics based on his life in the army, this posthumously published novel draws on his own experiences to depict the horrors of war and their persistence even after the jungle is left behind. This ebook features an illustrated biography of James Jones including rare photos from the author's estate.

AFTER THE APOCALYPSE the hazardous evolution of mankind continues. And in primeval response to the disaster, humanity's solutions to catastrophe carve the harsh new world in violent patterns of magic and myth, rite and religion. Brave images scar the ancient hills, the clash of swords and the ageless power of sexuality sign-post another, bloodsoaked path to civilisation.

When the day's at an end, up to bed we will go, The sky becomes dusky and so the night grows. When the bright golden sun sheds the last of its light, We turn to each other and we say, "Goodnight!" Learn how to say goodnight in a variety of world languages as you share this gentle rhyming bedtime read with your little one.
