Focus on the financial concepts, skills, and technological applications that are critical for you in today ' s workplace with Ehrhardt/Brigham ' s CORPORATE FINANCE: A FOCUSED APPROACH 6E. With its relevant and engaging presentation and numerous examples, you will learn the latest financial developments as you also learn how to maximize a firm ' s value in today ' s changing business environment. You will master the features and functions of spreadsheets by using chapter Excel Tool Kits, Build a Model problems, and Mini Cases that encourage " what-if " analysis on a real-time basis. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The third Canadian edition of Brigham's Financial Management: Theory and Practice delivers solid financial theory and practical applications, preparing students for future careers in business and finance in an engaging manner that makes the content come alive. This resource emphasizes the actions that a manager should take to increase the value of the firm. Structuring the book around valuation and cash flows enhances continuity and helps students see how topics relate to one another. The hallmark of this resource is "The Corporate Valuation Framework", a pedagogical feature presented early in each chapter. By highlighting specific parts of the framework, the model explicitly shows how each chapter relates to corporate valuation.The book begins with fundamental concepts, including background on the economic and financial environment, financial statements (with an emphasis on cash flows), the time value of money, financial forecasting, bond valuation, risk analysis, and stock valuation. With this background, students then learn specific techniques and decision rules that can be used to help maximize the value of the firm.MindTap raises the bar with multimedia, Concept Clips and Aplia problem sets: providing the ideal solution for keeping students on track and prepared for tests and exams. Highly customizable, instructors can add RSS feeds, YouTube videos, Google docs and more to further increase student engagement and achieve deeper learning.

A Practical, Strategic Approach to Managerial Communication Managerial Communication: Strategies and Applications focuses on communication skills and strategies that managers need to be successful in today ' s workplace. Known for its holistic overview of communication, solid research base, and focus on managerial competencies, this text continues to be the market leader in the field. In the Seventh Edition, author Geraldine E. Hynes and new co-author Jennifer R. Veltsos preserve the book ' s strategic perspective and include new updates to reflect the modern workplace. The new edition adds a chapter on visual communication that explains how to design documents, memorable presentations, and impactful graphics. New coverage of virtual teams, virtual presentations, and online communication help students avoid common pitfalls when using technology.

Earn the grade you want in your course with the help of this invaluable tool. This Study Guide lists key learning objectives for each chapter, outlines key sections, provides self-test questions, and offers a set of problems similar to those in the text and Test Bank with fully worked-out solutions. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Designed for those who want to gain an understanding of the fundamental concepts and techniques used in financial management. An underlying premise of the book is that the objective of the firm is to maximize value or wealth. Drawing on a wealth of experience in the academic and professional worlds, the authors discuss how firms can accomplish this objective by making appropriate investment and financing decisions. Bridging the gap between financial theory and practice, the authors present fundamental concepts in an intuitive and nontechnical way, and provide numerous practical financial tips to readers. The focus is on current practice, using results from recent surveys to show the most popular techniques and approaches used by financial managers today. A range of instructor ' s resources are available at the accompanying website. Visit www.blackwellpublishing.com/baker for full details.
