The military exchange services operate a wide range of retail activities such as department stores, florist shops, barber and beauty shops, gasoline stations, and restaurants. Profits from these activities provide funds for the Department of Defense s (DOD) morale, welfare, and recreation programs. In recent years, the exchange services annual sales exceeded \$9 billion in fiscal year 1999 about \$734 million involved food operations. About 50 percent of the food sales came from about 615 name-brand, fast-food restaurants (e.g., McDonald s, Burger King, Subway, and Pizza Hut) operating on military installations around the world. Name-brand, fast-food restaurant operations, particularly hamburger restaurants, are the topic of this report. It focuses on hamburger restaurants because they represent a major segment of the exchange services name-brand, fast-food sales and because exchange services contracts with two large companies, Burger King and McDonald s, will expire in 2004.

This book provides a solid foundation in the fundamentals of different production and operations processes. KEY TOPICS: Covers the full spectrum of manufacturing and service sector processes. Considers both materials and information flows, including order entry and order fulfillment. Discusses how various production and operations processes have changed over time. Appropriate for readers interested in Production and Operations Management, Operations Management, and Service Operations Management.

To successfully compete in today's global marketplace, organizations can and must do more to improve their internal operational efficiencies.
