Know and cultural realities.

Renamed Myanmar by the military government in 1989, it both enjoys the legacy of a long history of independence and suffers from the legacies of its past as a British colony. Today, Steinberg writes, it is largely defined by overlapping crises that affect every aspect of life.

No country in Asia in recent years has undergone so massive a political shift in so short a time as Myanmar. Until recently, the former British colony had one of the most secretive, corrupt, and repressive regimes on the planet, a country where

**Know** Nobel Peace Prize laureate Aung San Suu Kyi was held in continual house arrest and human rights were denied to nearly all. Yet events in Myanmar since the elections of November 2010 have profoundly altered the internal mood of the society, and have surprised even Burmese and seasoned foreign observers of the Myanmar scene. The pessimism that pervaded the society prior to the elections, and the results of that voting that prompted many foreign observers to call them a "sham" or "fraud," gradually gave way to the realization that positive change was in the air. In this updated

Know

uprising and military coup of 1988. He analyzes a generation of military governments and their attempts to address the nation's problems, focusing on the effects of Burma's geopolitical placement, the destruction of civil society, and rising ethnic tensions. While taking into account the importance of foreign aid and foreign advocates for reform, he contends that the solution to the country's problems lie with the Burmese themselves. The Burmese army took

# Read Free Burma Myanmar What Everyone Needs To

Know political power in Burma in 1962 and has ruled the country ever since. The persistence of this government--even in the face of long-term nonviolent opposition led by activist Aung San Suu Kyi, who was awarded the Nobel Peace Prize in 1991--has puzzled scholars. In a book relevant to current debates about democratization, Mary P. Callahan seeks to explain the extraordinary durability of the Burmese military regime. In her view, the origins of army rule are to be found in the relationship between war and state formation. Burma's colonial past had seen a large

# Read Free Burma Myanmar What Everyone Needs To

**Know** imbalance between the military and civil sectors. That imbalance was accentuated soon after formal independence by one of the earliest and most persistent covert Cold War conflicts, involving CIA-funded Kuomintang incursions across the Burmese border into the People's Republic of China. Because this raised concerns in Rangoon about the possibility of a showdown with Communist China, the Burmese Army received even more autonomy and funding to protect the integrity of the new nation-state. The military transformed itself during the late 1940s and the 1950s

**Know** from a group of anticolonial guerrilla bands into the professional force that seized power in 1962. The army edged out all other state and social institutions in the competition for national power. *Making Enemies* draws upon Callahan's interviews with former military officers and her archival work in Burmese libraries and halls of power. Callahan's unparalleled access allows her to correct existing explanations of Burmese authoritarianism and to supply new information about the coups of 1958 and 1962.

# Read Free Burma Myanmar What Everyone Needs To

**Know** Few states in the contemporary world present the complexities that characterize Burma/Myanmar at present. On the one hand, it has been under military rule for some forty-four years at this point, with many traditional factors in operation: an high degree of authoritarianism; the dominance of personalization over institutions; powerful centrism, but with a progressive weakening as the distance from the center lengthens; and the importance of religion as a source of identity. Those who govern Myanmar have given ample indication in recent times of a desire to

**Know** interact with diverse international bilateral and multilateral operations. Yet Burma/Myanmar nationalism has contained a xenophobic quality emphasized on occasion, a proclivity that is more conducive to isolation than to cooperation. In this context, the movement of the capitol from Rangoon to Pyinmana in the interior, while proclaimed as a move to provide easier access to all parts of Myanmar raises questions. Moreover, as was demonstrated recently, in the face of strong opposition, Myanmar was prepared to give up its scheduled chairmanship of
