Media Usage Forecast survey of B2C, direct mail is surprisingly outdated and under-represented on the marketing bookshelves for small business owners — authors Simpson and Kennedy change that. Millionaire-maker Dan S. Kennedy and direct mail marketing specialist Craig Simpson urge small business owners to drive the momentum built via social media and other marketing avenues into the mailboxes of their target consumers. Unlike other direct mail marketing books on the shelf that specialize in one aspect of preparing a campaign such as copywriting or design, this comprehensive solution covers all — the organizational, technical, and creative including designing, budgeting, tracking, and assessing effectiveness. Also covered is how direct mail can be used in today's online marketing funnels. Benefiting from the authors' combined 30 years in direct marketing, business owners are given the guidelines for what works and what doesn't, illustrated by real-life business campaigns that show step-by-step how to build a results-producing promotional campaign.

Developing a sound, evidence-based plan may seem like a daunting task, but it doesn't have to be. In this first edition of *Samples for Success: Life Care Plans from Practicing Life Care Planners*, readers can access over nine different injury or illness categories. The author doesn't provide just one sample, but rather 25 redacted life care plans by practicing life care planning professionals. New life care planners as well as the experienced will find this book to be an invaluable asset to their life care planning practices. In addition to complete sample life care plans, contributors candidly share the emotional highs and lows of litigation. With stories of limited access to the injured party to the "kick-me" moments of testimony, this book shares the in-the-trenches experiences of the life care planner associated with each case. To top it off, readers have access to 10 Curricula Vitae (CV) examples provided by each contributor and a plethora of research references and resources.
