Alito took issue with recent commentary by legal experts and critics on the shadow docket process that he said portrays the justices as 'a dangerous cabal' deciding important cases in secret.

Cabal is the story of Boone, a tortured soul haunted by the conviction that he has committed atrocious crimes. In a necropolis in the wilds of Canada, he seeks refuge and finds the last great creatures of the world - the shape-shifters known as the Nightbreed. They are possessed of unearthly powers-and so is Boone. In the hunt for Boone, they too will be hunted. Now only the courage of this strange human can save them from extinction. And only the undying passion of a woman can save Boone from his own corrupting hell... This novella is the basis for the Major Motion Picture - Nightbreed.

Believing himself responsible for horrific crimes, Boone secludes himself in a remote Canadian necropolis, pursued by hunters and a woman who loves him, in a short novel accompanied by four short stories. Reissue.

A fabulous journey through the mind of the master of dark imaginative fiction, Clive Barker.

Clive Barker's Nightbreed has been controversial since the moment it was released in a version edited by the studio and roundly condemned by Barker, who wrote and directed the movie. A virtually instant cult film based on Barker's novella Cabal, it was nominated for three Saturn Awards and won

several prizes at European film festivals. Midian Unmade tells the stories of the Nightbreed after the fall of their city, Midian. Driven from their homes, their friends and family members slain before their eyes, the monsters become a mostly-hidden diaspora. Some are hunted; others, hunters. Some seek refuge. Others want revenge. Contributors include: Karl Alexander, author of the classic novel *Time After Time*; actor, writer, and director Amber Benson (Tara Maclay on *Buffy the Vampire Slayer*); New York Times bestselling author Nancy Holder; Hugo and John W. Campbell Award winner Seanan McGuire; Bram Stoker Award winner Weston Ochse; David J. Schow, winner of the World Fantasy Award and writer of the screenplay for *The Crow*; New York Times bestselling writer Stephen Woodworth; and many more—23 stories in all. With an introduction by Clive Barker, this is an outstanding collection of original horror short stories in a dazzling variety of styles. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Here is storytelling on a grand scale — the stuff of which a classic is made. *Weaveworld* begins with a rug — a wondrous, magnificent rug — into which a world has been woven. It is the world of the Seerkind, a people more ancient than man, who possesses raptures — the power to make magic. In the last century they were hunted down by an unspeakable horror known as the Scourge, and, threatened with annihilation, they worked their strongest raptures to weave themselves and their culture into a rug for safekeeping. Since then, the rug has been guarded by human caretakers. The last of the caretakers has just died. Vying for possession of the rug is a spectrum of unforgettable characters: Suzanna, granddaughter of the last caretaker, who feels the pull of the *Weaveworld* long before she knows the extent of her own powers; Calhoun Mooney, a pigeon-raising clerk who finds

the world he's always dreamed of in a fleeting glimpse of the rug; Immacolata, an exiled Seerkind witch intent on destroying her race even if it means calling back the Scourge; and her sidekick, Shadwell, the Salesman, who will sell the Weaveworld to the highest bidder. In the course of the novel the rug is unwoven, and we travel deep into the glorious raptures of the Weaveworld before we witness the final, cataclysmic struggle for its possession. Barker takes us to places where we have seldom been in fiction--places terrifying and miraculous, humorous, and profound. With keen psychological insight and prodigious invention, his trademark graphic vision balanced by a spirit of transcendent promise, Barker explores the darkness and the light, the magical and the monstrous, and celebrates the triumph of the imagination.

Final issue! Boone and Ashberry fight for the future of Midian. In this last moment, with the Nightbreed coming together, will Baphomet rise?

In Cabal, master crime writer Michael Dibdin plunges us into a murky world of church spies, secret societies, cover-ups, and mistaken identities. An apparent suicide in the Vatican may in fact have been a murder conducted by a centuries-old cabal within The Knights of Columbus. A discovery among the medieval manuscripts of the Vatican Library leads to a second death, Zen travels to Milan, where he faces a final, dramatic showdown. Meanwhile, Zen's lover, the tantalizing Tania, is conducting her own covert operations--which could well jeopardize everything Zen has worked for. Richly textured, wickedly entertaining, Cabal taps the mysterious

beauty of Italy in a thriller that challenges our beliefs about love, allegiance, history, and power--and the lengths to which we will go to protect them against the truth.
