"Ari Galper's Unlock The Game is the greatest sales breakthrough in the last 20 years." Brian Tracy, Founder of Brian Tracy International Stop selling, start creating trust. If you flick through the pages of typical sales books and sales training material, you will find a constant flow of sales messages like, "Focus on closing the sale", "Overcome objections", "Be relentless", "Accept rejection as a normal part of selling", "Use persuasion to get useful information about your prospects", and "Chase the sale". In short, get the sale at the expense of the human relationship. For the customer, this approach is transparent and all too familiar. Crossing social boundaries and adding pressure to the sales process makes it a gut-wrenching and painful process. There is a much better way to succeed in selling - moving away from the hidden agenda of focusing on making the sale to a place of complete trust and authenticity. When you arrive at this place, it opens up a whole new world of sales opportunities for you and your business. In other words, when you stop "selling" and start building authentic relationships based on trust, authenticity and integrity, the possibilities are endless. Ari Galper, The World's #1 Authority on Trust-Based Selling, and founder of Unlock The Game, the most successful trust-based selling approach adopted by thousands of business owners and sales consultants worldwide, has dramatically changed the way millions of sales transactions are made today. In his new

book "Unlock The Sales Game", he directly challenges all the selling "rules" that are considered status quo thinking among most small and large businesses and provides a new and authentic sales mindset -- along with his very powerful trust-based languaging -- that is taking the sales world by storm. Here's a sampling of what you'll discover: Seven Ways to Cut Loose from Old Sales Thinking How to Sales Call Using Your Right Brain - So You Can Make Selling Enjoyable and Productive Seven Steps to Selling Follow-Up Seven Ways to Stop Chasing Decision Makers How to Recognise and Diffuse Hidden Pressures in Selling The Surprising Truth About Selling - Three Selling Myths and Why They Hurt You No More Selling Scripts? A Jack Caffrey thriller from "easily today's best writer of visceral and elemental horror . . . guaranteed to creep out even the strongest of heart." (Booklist, starred review) In her eerie and hair-raising thriller *Skin*, Mo Hayder trails her two unforgettable protagonists as they race to staunch a rising tide of blood in a sweltering port town. When the decomposing body of a young woman is found, the wounds on her wrists suggest an open-and-shut case of suicide. But Jack Caffery is not so sure. Other apparent suicides are cropping up, and they all have a connection to Elf's Grotto, a nearly bottomless network of flooded quarries just outside the city. Caffery begins to suspect a shadowy and sinister predator, someone—or something—that can disappear into darkness and slip into houses unseen. Working alongside Caffery is rough-and-tough police diver Flea Marley, but while pursuing her investigation, she stumbles upon something far too close to home that no one—not even Caffery—can help her face. *Skin* is a penetrating dissection of family, friendships, and the evil that can tear them apart—or bind them together. Devious and disturbing, it introduces one of Hayder's most horrifying villains yet. "Hayder is not a subdued writer. Her characters are almost as chilling as the horrors that they are investigating." —The Times (London)

From basic concepts to research grade material, *Mobile Web 2.0: Developing and Delivering Services to Mobile Devices* provides complete and up-to-date coverage of the range of technical topics related to Mobile Web 2.0. It brings together the work of 51 pioneering experts from around the world who identify the major challenges in Mobile Web 2.0 applications and provide authoritative insight into many of their own innovations and advances in the field. To help you address contemporary challenges, the text details a conceptual framework that provides modeling facilities for context-aware, multi-channel Web applications. It compares various platforms for developing mobile services—from the developer and user perspectives—and explains how to use high-level modeling constructs to drive the application development process through automatic code generation. Proposes an expanded model of mobile application context Explores mobile social software as an Information and Communications Technology (ICT) Discusses the effect of context on mobile usability Through empirical study, the book tests a number of hypotheses on the use of software implementation technology and location context in mobile applications. It introduces Reusable End-User Customization (REUC)—a technique that allows users to adapt the layout of Web pages and automatically reapplies those preferences on subsequent visits. It also investigates the need for non-visual feedback with long system response times, particularly when downloading Web pages to mobile devices.

Re-released in a second edition with new content. Three lost souls Growing up in the eclectic, small town of Bliss was wonderful for Callie Sheppard. She loved everything about it, except for the lack of potential romantic partners. She only went wild once in her life, sharing a perfect weekend in Dallas with two incredible men she never thought she would see again. When they parted, she was left with a hole in her heart she feared would never be filled. One romantic weekend DEA agents Nathan Wright and Zane Hollister were thrilled when Callie agreed to spend the weekend with them. Just days away from a long, undercover assignment, they considered this passionate affair to be an ideal way to spend their last days of freedom. They never expected to fall in love. Leaving her behind was the hardest decision of their lives. An unexpected reunion Six years later, Callie is preparing to break in a new sheriff after Rye Harper walked out on the job. Her heart skips a few beats when the man walking through the door is none other than Nate Wright. Nate and Zane have come to Bliss, but their time undercover has left them broken and scarred. The boys are determined to win back Callie's heart. But when the criminals they took down come seeking revenge, Nate and Zane may have to save the strange little town of Bliss before they can reclaim the woman they love.

In a career spanning four decades, Elton John has proved he can do it all in the world of popular music. He is a true legend. Yet until now, no book published has successfully captured his passion and outlandishness or the truth behind his complex private life. Previous books have handled his life with kid gloves, almost making him into a tasteful 21st century George Gershwin. In reality Elton's life more closely parallels Oscar Wilde. He has been wild, glitzy, boozy, bawdy and unconventional. And it is his big personality and grand gestures, no less that his tremendous talent that mesmerises his millions of fans. Mark Bego draws on interviews with many people who know or worked with Elton to create a unique insight into the life and career of the singer/songwriter. Including: Patti LaBelle, with whom Elton was very friendly in the 1970s; Mary Wilson of The Supremes, Monkee Micky Dolenz, Martha Reeves and Rita Coolidge, all long-term friends; and Long John Baldry and Tony King - both gay comrades of Elton before he hit the big time. The Elton John Story is the book that every Elton John

fan has been waiting for. It is filled with all of the addictions, the self-doubts, bad toupees, affairs and scandals - but also with the triumphant later years, the coming-to-terms with his sexuality and the establishment of a happy and healthy private life. Mark Bego is the author of 50 bestselling books on rock n' roll and show business, including two New York Times bestsellers, a Los Angeles Times bestseller and a Chicago Tribune bestseller. Five of his books have sold either a million or half a million copies. He is widely acknowledged as one of the best biographers in the rock and pop music field.
