Transfusion Medicine, Apheresis, and Hemostasis: Review Questions and Case Studies is the collaborative effort that spanned a time period of 2 years and included 50 experts,

Bookmark File

PDF Chapter 17

many whom are national leaders in their respected fields. It also represents the passion and privilege we feel to teach the next generation of physicians in Transfusion Medicine and Apheresis. The main goal for this book is to help the readers build a solid foundation of both

Bookmark File

PDF Chapter 17

basic and advanced
conceptual
knowledge to prepare
for the American
Board of Pathology
(ABP) certification
exam in Transfusion
Medicine. This book
is not intended to be
a substitute for
textbooks, original
research or review
articles, and/or
clinical training.

Bookmark File

PDF Chapter 17

Further, since the field of medicine, both from a scientific and regulatory perspective, rapidly changes, the readers are advised to continuously update their knowledge by attending national meetings and reading clinical journals. To equip the readers with the basic

Bookmark File

PDF Chapter 17

knowledge in critical reading and data analysis, which is an essential skill in daily medical practice, a novel chapter titled “ Data Interpretation in Laboratory Medicine was included in this book. In this chapter, the readers are asked to make logical conclusions based on

Bookmark File

PDF Chapter 17

the given data and/or statistical results.

Moreover, there is also a chapter on

“ Practical Calculations in Transfusion Medicine, Apheresis, and Hemostasis to help consolidate all the necessary formulas commonly used in daily practice for easy reference. These

Bookmark File

PDF Chapter 17

chapters are unique to our book and will not be found in any other currently on the market. All of the questions in this book were originally created by the authors of each chapter. Each question can either be standalone or part of a case scenario representing

Bookmark File

PDF Chapter 17

challenge cases in Transfusion Medicine, Apheresis, and Hemostasis. These questions often represent both rare and common clinical scenarios that the authors have seen during their clinical practice. Each question is then followed by 5 possible answers,

Bookmark File

PDF Chapter 17

with only one being correct (or the best answer). After the question, there is a conceptual explanation followed by a more factual explanation of the right and wrong answers. We gave the individual authors the freedom to choose how they explained the wrong answer

Bookmark File

PDF Chapter 17

choices. Some authors chose to be more direct (e.g. Answer A is incorrect because...), while other authors chose a more conversational style (e.g. Human resources (answer A) includes staffing, selection, orientation, training, and competency assessment of

Bookmark File

PDF Chapter 17

employees). This format is designed to help the student linking the conceptual and factual knowledge together to form a solid foundation for use in clinical practice. At the end of each chapter, there is a list of articles and textbooks that will prove useful to the

Bookmark File

PDF Chapter 17

motivated student who wishes to become an expert in the field. Another special feature to our textbook is the presence of a pre-test and post-test, which are provided to help the readers with self-assessment. As stated above, the main focus of this book is to help the readers preparing

Bookmark File

PDF Chapter 17

for the ABP
certification exam in
Transfusion Medicine.
However, due to the
interdisciplinary
nature of the field of
Transfusion Medicine,
Apheresis, and
Hemostasis, we
believe that this book
is also beneficial to
and can be used by all
clinicians involved in
the management of

Bookmark File

PDF Chapter 17

Complex transfusion, apheresis, and hemostasis issues, such as hematologists, anesthesiologists, surgeons, and critical care physicians. We further believe that it is a helpful guide for these specialists to prepare for their own specialty certification exam, when the

Bookmark File
