But as Doreen discovered, they come with a hidden price: your eternal destiny. "Dychtwald and Morison offer a brilliant and convincing perspective: an essential re-think of what 'aging' and 'retirement' mean today and an invitation to help mobilize the best in the tidal wave of Boomer Third Agers." —Daniel Goleman, PhD, Author, Emotional Intelligence: Why It Can Matter More Than IQ Throughout 99 percent of human history, life expectancy at birth was less than 18 years. Few people had a chance to age. Today, thanks to extraordinary medical, demographic, and economic shifts, most of us expect to live long lives. Consequently, the world is witnessing a powerful new version of retirement, driven by the power and needs of the Baby Boomer generation. Consumers over age 50 account for more than half of all spending and control more than 70% of our total net worth – yet are largely ignored by youth-focused marketers. How will work, family, and retirement be transformed to accommodate two billion people over the age of 60 worldwide? In the coming years, we'll see explosive business growth fueled by this unprecedented longevity revolution. What Retirees Want presents the culmination of 30 years of research by world-famous "Age Wave" expert Ken Dychtwald, Ph.D., and author and consultant Robert Morison. It explains how the aging of the Baby Boomers will forever change our lives, businesses, government programs, and the consumer marketplace. This exciting new stage of life, the "Third Age," poses daunting questions: What will "old" look like in the years ahead? With continued advances in longevity, all of the traditional life-stage markers and boundaries will need to be adjusted. What new products and services will boom as a result of this coming longevity revolution? What unconscious ageist marketing practices are hurting people – and business growth? Will the majority of elder boomers outlive their pensions and retirement savings and how can this financial disaster be prevented? What incredible new technologies of medicine, life extension, and human enhancement await us in the near future? What purposeful new roles can we create for elder boomers so that the aging nations of the Americas, Europe, and Asia capitalize on the upsides of aging? Which pioneering organizations and companies worldwide have created marketing strategies and programs that resonate with the quirky and demanding Boomer generation? In this entertaining, thought-provoking, and wide-ranging book, Dychtwald and Morison explain how individuals, businesses, non-profits, and governments can best prepare for a new era – where the needs and demands of the "Third Age" will set the lifestyle, health, social, marketplace, and political priorities of generations to come.

The Innovation Instinct showcases the author's breadth of life experience and illustrates how the principles of Eastern and Western business practices can be meshed together as a powerful source for success. Tomio Taki has consulted for, financed, or directly managed both private and public companies on nearly every continent. Certain fundamental aspects of business and life cross latitudinal and longitudinal lines. When businesspeople seek to understand the cultures of their counterparts, they will discover lasting success with their global business relationships.

An environmental journalist examines the world humanity has created through climate change and chronicles the scientists, billionaires, and ordinary people who are working toward saving the planet.

Inspired by 1 Thessalonians 5:23, this new book from Pastor David Stine focuses on the three parts of your being—the spirit, the soul, and the body—and shows how you can experience a balanced and more fulfilled life when you take care of all three. Pastor David Stine was the head of a growing church in the nation's capital. He was seeing exponential church growth and reaching hearts and minds for God. But inside, he felt spiritually dry. He was burnt out. His health suffered, and his preaching became uninspired. Then, one day he read 1 Thessalonians 5:23 in a way he never had before. The verse, he now saw, clearly indicated that there were three parts to the human self—the spirit, the soul, and the physical body. He had only been focusing on one part and realized his life was seriously out of balance with the way God intended. As soon as Pastor Stine began to focus on his emotional well-being and physical health in addition to his spiritual fitness, everything changed. He began to see that all three elements are interconnected and necessary for a vibrant Christian life. Divided into three sections, *The Whole Life* is a practical guide to leading an empowered and balanced life. The Spiritual Formation section discusses the importance of Prayer, the need to read scripture regularly, and the necessity of having a God-sized dream to guide you. The Soul Care section covers your mind, your emotions, and your desires, while the Body Health sections discuss nutrition, exercise, and rest. In each section, Pastor Stine helps you identify where you are thriving and where you are depriving yourself so that you can achieve a healthy whole body and, in turn, a whole life. Providing practical and inspiring ways to feed and nurture yourself, Pastor Stine guides you to discover how you, too, can have a whole, balanced life in Christ.
