By this she means you mostly interact as friends with mutual interest and, for the most part, compatible personalities; however, sometimes your historical selves, her white self and your black self, or your white self and her black self, arrive with the full force of your American positioning.

Collects essays, poetry, and images that expose the racial tensions in twenty-first century life, highlighting the slights, slips of the tongue, and intentional offensives that pervade the home, school, and popular media.

In this moving, critical and fiercely intelligent collection of prose poems, Claudia Rankine examines the experience of race and racism in Western society through sharp vignettes of everyday discrimination and prejudice, and longer meditations on the violence - whether linguistic or physical - which has impacted the lives of Serena Williams, Zinedine Zidane, Mark Duggan and

A provocative meditation on race, Claudia Rankine's long-awaited follow up to her groundbreaking book Don't Let Me Be Lonely: An American Lyric. Claudia Rankine's bold new book recounts mounting racial aggressions in ongoing encounters in twenty-first-century daily life and in the media. Some of these encounters are slights, seeming slips of the tongue, and some are intentional offensives in the classroom, at the supermarket, at home, on the tennis court with Serena Williams and the soccer field with Zinedine Zidane, online, on TV-everywhere, all the time. The accumulative stresses come to bear on a person's ability to speak, perform, and stay alive. Our addressability is tied to the state of our belonging, Rankine argues, as are our assumptions and expectations of citizenship. In essay, image, and poetry, Citizen is a powerful testament to the individual and collective effects of racism in our contemporary, often named "post-race" society.

Awarded the National Book Critics Circle Award for Poetry in America after becoming the first book in the prize's history to be a finalist in both the poetry and criticism categories, Citizen weaves essays, images and poetry together to form a powerful testament to the individual and collective effects of racism in an ostensibly "post-race" society.

moment and later steep poisonously in the mind. And, of course, those larger incidents that become national or international firestorms. As Rankine writes, “ This is how you are a citizen. ”

"Here, available for the first time in the UK, is the book in which Claudia Rankine first developed the 'American Lyric' form which makes her Forward Prize-winning collection *Citizen* so distinctive— an original combination of poetry, lyric essay, photography and visual art, virtuosically deployed. *Don't Let Me Be Lonely* is Rankine's meditation on the self bewildered by race riots, terrorism, medicated depression and television's ubiquitous influence. Written during George W. Bush's presidency in an America still reeling from the 9/11 attacks and charging headlong into war in Iraq, this is an early 21st-century work of great wit, intelligence and depth of feeling, with urgent lessons for the present."

FINALIST FOR THE 2021 ANDREW CARNEGIE MEDAL FOR EXCELLENCE IN NONFICTION Claudia Rankine ' s *Citizen* changed the conversation—Just Us urges all of us into it As everyday white supremacy becomes increasingly vocalized with no clear answers at hand, how best might we approach one another? Claudia Rankine, without telling us what to do, urges us to begin the discussions that might open pathways through this divisive and stuck moment in American history. Just Us is an invitation to discover what it takes to stay in the room together, even and especially in breaching the silence, guilt, and violence that follow direct addresses of whiteness. Rankine ' s questions disrupt the false comfort of our culture ' s liminal and private spaces—the airport, the theater, the dinner party, the voting booth—where neutrality and politeness live on the surface of differing commitments, beliefs, and prejudices as our public and private lives intersect. This brilliant arrangement of essays, poems, and images includes the voices and rebuttals of others: white men in first class responding to, and with, their white male privilege; a friend ' s explanation of her infuriating behavior at a play; and women confronting the political currency of dying their hair blond, all running alongside fact-checked notes and commentary that complements Rankine ' s own text, complicating notions of authority and who gets the last word. Sometimes wry, often vulnerable, and always prescient, Just Us is Rankine ' s most intimate work, less interested in being right than in being true, being together.

A play about the imagined fault line between black and white lives by Claudia Rankine, the author of *Citizen* *The White Card* stages a conversation that is both informed and derailed by the black/white American drama. The scenes in this one-act play, for all the characters ' disagreements, stalemates, and seeming impasses, explore what happens if one is willing to stay in the room when it is painful to bear the pressure to listen and the obligation to respond. —from the introduction by Claudia Rankine Claudia Rankine ' s first published play, *The White Card*, poses the essential question: Can American society progress if whiteness remains invisible? Composed of two scenes, the play opens with a dinner party thrown by Virginia and Charles, an influential Manhattan couple, for the up-and-coming artist Charlotte. Their conversation about art and representations of race spirals toward the devastation of Virginia and Charles ' s intentions. One year later, the second scene brings Charlotte and Charles into the artist ' s studio, and their confrontation raises both the stakes and the questions of what—and who—is actually on display. Rankine ' s *The White Card* is a moving and revelatory distillation of racial divisions as experienced in the white spaces

of the living room, the art gallery, the theater, and the imagination itself.

In this powerful sequence of TV images and essay, Claudia Rankine explores the personal and political unrest of our volatile new century I forget things too. It makes me sad. Or it makes me the saddest. The sadness is not really about George W. or our American optimism; the sadness lives in the recognition that a life can not matter. The award-winning poet Claudia Rankine, well known for her experimental multigenre writing, fuses the lyric, the essay, and the visual in this politically and morally fierce examination of solitude in the rapacious and media-driven assault on selfhood that is contemporary America. With wit and intelligence, Rankine strives toward an unprecedented clarity-of thought, imagination, and sentence-making-while arguing that recognition of others is the only salvation for ourselves, our art, and our government. Don't Let Me Be Lonely is an important new confrontation with our culture, with a voice at its heart bewildered by its inadequacy in the face of race riots, terrorist attacks, medicated depression, and the antagonism of the television that won't leave us alone.

'Challenging Misrepresentations of Black Womanhood' investigates the stereotyping of Black womanhood and the larger sociological impact on Black women's self-perceptions. It details the historical and contemporary use of stereotypes against Black women and how Black women work to challenge and dispel false perceptions, and highlights the role of racist ideas in the reproduction and promotion of stereotypes of Black femaleness in media, literature, artificial intelligence and the perceptions of the general public. Contributors in this collection identify the racists and sexist ideologies behind the misperceptions of Black womanhood and illuminate twenty-first-century stereotypical treatment of Black women such as Michelle Obama and Serena Williams, and explore topics such as comedic expressions of Black motherhood, representations of Black women in television dramas and literature, and identity reclamation and self-determination. The five sections of the book provide a brief historical overall of the long-standing use of stereotypes used against Black women; explore the systematic attack on Black motherhood and how Black mothers use self-determination to thrive; investigate treatments of Black womanhood in media, television and literature; examine the political impact of stereotyped frameworks used for deconstructing Black female public figures; and discuss self-affirmation and identity reclamation among Africana women. 'Challenging Misrepresentations of Black Womanhood' establishes the criteria with which to examine the role of stereotypes in the lives of Black females and, more specifically, its impact on their social and psychological well-being.
