The Essentials In competitive and semi-competitive play, Eldar are a mechanized army. As an old-school Eldar player from second edition when Eldar tanks had no rules in the codex and were seldom seen on tables, this was a hard concept for me to accept. The fact is that newer editions of 40k our work-horse units...

This codex is not good. Not bad, certainly broken in quite a few ways. but it isn't the Clan Rau. You really have to wonder what goes through the heads of Games Workshop writers some days. On some occasions they've produced fantastic, outstanding work which shows just why Warhammer 40,000 is the granddaddy of all tabletop wargaming.

According to 40k stats.com craftworlds have the lowest win rate of any army with enough games to get a realistic picture of how they perform. This is based off competitive play so isn't necessarily representative of a more casual game. I think it's probably skewed by some competitive players moving away to, say, Harlequins leaving the die hard eldar players who may not be quite so ...

definitive book for Craftworld Aeldari collectors. Within this 128-page hardback, you will find: Background

The ancient eldar are a mysterious race, each devoting their life to a chosen path which will guide their actions and decide their fate. Korlandril abandons peace for the Path of the Warrior. He becomes a Striking Scorpion, a deadly fighter skilled in the art of close-quarter combat. But the further Korlandril travels down this path, the closer he gets to losing his identity and becoming an avatar of war.

The Stormcast Eternals of the Hallowed Knights must uncover the mystery of the Hexwood before it brings the great city of Hammerhal to ruin. Dark forces stir within the bowers of the mysterious Hexwood. A great warhost of tzaangor beastkin, creatures devoted to the Chaos god Tzeentch, defile the once-verdant lands of Ghyran. All that opposes them are the Stormcast Eternals of the Hallowed Knights, noble warriors reforged in resplendent sigmarite and wielding the lightning of Azyr. But Tzeentch's followers are cunning, and as the Hallowed Knights wage bloody war in the forests, a secret and potentially ruinous attack on the great city of Hammerhal, which the Stormcasts are oath-sworn to protect, is about to begin. Both the warriors without and the hunters within the city must act fast, or the truth about the Hexwood will be the undoing of the Twin-tailed City.

The story of Asurmen, the Hand of Asuryan, the first and greatest of the eldar Phoenix Lords. The Phoenix Lords are demigods of battle,

warriors whose legends span the stars. They are embodiments of the warrior nature of the eldar, and each walks his own path. The first, and greatest, is Asurmen, the Hand of Asuryan. Since he led his people from destruction at the time of the Fall, he has guided his children, the Dire Avengers, in defending the remnants of the eldar as they plan their rise back to galactic dominance. A superlative warrior and peerless leader, Asurmen is one of the greatest hopes of the eldar race.

Tim and his friends find out the hard way that you shouldn't question the game master, and you shouldn't make fun of his cape. One minute, they're drinking away the dreariness of their lives, escaping into a fantasy game and laughing their asses off. The next minute, they're in a horse-drawn cart surrounded by soldiers pointing crossbows at them. Tim now has the voice and physique of a prepubescent girl. Dave finds that while he lost a foot or two in height, he somehow acquired a suit of armor and a badass beard. Julian's ears have grown ridiculously long and pointy. And Cooper... well Cooper has gotten himself a set of tusks, a pair of clawed hands, and a bad case of the shits. He also finds that he's carrying a bag with a human head in it - a head that he had chopped off when they were still just playing a game. Shit just got real, and if they want to survive, these four friends are going to have to tap into some baser instincts they didn't even know existed in their fast-food and pizza delivery world. It's fight, flight, or try to convince the people who are trying to kill them that they don't really exist. Meanwhile, a sadistic game master sits back in the real world eating their fried chicken.

Gripping sci-fi action in this premium Warhammer 40,000 novel Long ago defiled by the Imperium of Man, the eldar maiden world of D û riel was once a glittering jewel in the crown of the Valedor System. As the tyranids of Hive Fleet Leviathan sweep through the sector consuming everything in their path, wayward Prince Yriel of Iyanden discovers that the farseers have inadvertently brought a greater threat to bear — a fragment of Hive Fleet Kraken, hurled into the warp in order

to save the craftworld, has returned. The tyrannid fleets cannot be allowed to combine, or their genetic legacies will merge into something even more terrible. Alongside allied forces from Craftworld Biel-Tan and even the dark eldar of Commorragh, Yriel has no choice but to fight on to the bitter end...

In the first book in a brilliant new fantasy series, books that aren't finished by their authors reside in the Library of the Unwritten in Hell, and it is up to the Librarian to track down any restless characters who emerge from those unfinished stories. Many years ago, Claire was named Head Librarian of the Unwritten Wing-- a neutral space in Hell where all the stories unfinished by their authors reside. Her job consists mainly of repairing and organizing books, but also of keeping an eye on restless stories that risk materializing as characters and escaping the library. When a Hero escapes from his book and goes in search of his author, Claire must track and capture him with the help of former muse and current assistant Brevity and nervous demon courier Leto. But what should have been a simple retrieval goes horrifyingly wrong when the terrifyingly angelic Ramiel attacks them, convinced that they hold the Devil's Bible. The text of the Devil's Bible is a powerful weapon in the power struggle between Heaven and Hell, so it falls to the librarians to find a book with the power to reshape the boundaries between Heaven, Hell....and Earth.

The second book in the Phoenix Lords series, focusing on the fast and deadly female warrior, Jain Zar, first exarch of the Howling Banshees. The enigmatic eldar are one of the many intelligent races that battle humankind for control of the stars. Though few in number, they are an ancient race, and their mode of war blends spirituality with a unique mastery of technology. In times of need, the entire eldar race will rouse to war led by terrifying, almost mythological figures – the phoenix lords. Each different in his or her own way, these immortal beings embody the warrior nature of the eldar. Jain Zar – the Storm of Silence – was the first phoenix lord to be recruited by Asurmen, and
