author. Her coloring  
pictures are an inspiration  
for many drawing fans.  
Mandalas are originally from  
Buddhism. They have a  
meditative and relaxing  
effect on the viewer. That  
is why Mandala coloring

pages are so popular. The originals for painting are usually arranged round and symmetrical. Many people also know it under the name Zen design. Through the black background, the mandalas come into their

own. The contrast between the background and the motifs is very large due to the dark paper. Thus, the mandalas shine particularly well when they are painted with neon colors or glittering pens. When

painting, you can completely relax and recharge your batteries. Forget the worries of the stressful everyday life and let yourself be completely on the respective motive. Get free from time pressure and

commitments. Do not set a time limit for the motive and resist the urge to finish quickly. Let yourself drop and come to rest. The concentration while coloring can completely switch off the brain. It acts as a

Meditation and a state of  
balance returns. In  
addition, the creativity is  
stimulated and encouraged.

This coloring book for

We opted for a large print  
(slightly smaller than DIN

book. So the coloring

artist pencils are suitable.  
For example: Faber-Castell

Rembrandt. The mandalas can
