A New York Times Bestseller "Enthralling. Harrowing. Heartbreaking. And utterly redemptive. Lindsey Fitzharris hit this one out of the park." —Erik Larson, author of The Splendid and the Vile Lindsey Fitzharris, the award-winning author of The Butchering Art, presents the compelling, true story of a visionary surgeon who rebuilt the faces of the First World War's injured heroes, and in the process ushered in the modern era of plastic surgery. From the moment the first machine gun rang out over the Western Front, one thing was clear: humankind's military technology had wildly surpassed its medical capabilities. Bodies were battered, gouged, hacked, and gassed. The First World War claimed millions of lives and left millions more wounded and disfigured. In the midst of this brutality, however, there were also those who strove to alleviate suffering. The Facemaker tells the extraordinary story of such an individual: the pioneering plastic surgeon Harold Gillies, who dedicated himself to reconstructing the burned and broken faces of the injured soldiers under his care. Gillies, a Cambridge-educated New Zealander, became interested in the nascent field of plastic surgery after encountering the human wreckage on the front. Returning to Britain, he established one of the world's first hospitals dedicated entirely to facial reconstruction. There, Gillies assembled a unique group of practitioners whose task was to rebuild what had been torn apart, to re-create what had been destroyed. At a time when losing a limb made a soldier a hero, but losing a face made him a monster to a society largely intolerant of disfigurement, Gillies restored not just the faces of the wounded but also their spirits. The Facemaker places Gillies's ingenious surgical innovations alongside the dramatic stories of soldiers whose lives were wrecked and repaired. The result is a vivid account of how medicine can be an art, and of what courage and imagination can accomplish in the presence of relentless horror.

rediscover this jewel of a book on mindfulness. In times of uncertainty, words of comfort are essential, and the stunning overseas sales of this title are testament to its universal appeal. These modern tales of hope, forgiveness, freedom from fear and overcoming pain cleverly relate the timeless wisdom of the Buddha's teachings and the path to true happiness in a warm and accessible way. Ajahn Brahm was born and raised in the West and in his more than thirty years as a Buddhist monk he has gathered many poignant, funny and profound stories. He has tremendous ability to filter these stories through the Buddha's teaching so that they can have meaning for all sorts of readers. There are many thousands of Australians who don't even know that they need this book yet, but who will no doubt embrace it just as overseas readers have. It is the perfect gift book as there is truly something in it for everyone. 'Ajahn Brahm is the Seinfeld of Buddhism' - Sumi Loundon, editor of Blue Jean Buddha: Voices of Young Buddhists and The Buddha's Apprentices

Angesichts erhöhter Anforderungen an Kommunikation und interkulturelle Verständigung in einer wirtschaftlich und kulturell vernetzten Welt kommt dem schulischen Fremdsprachenunterricht und mithin der Fremdsprachendidaktik als wissenschaftlicher Disziplin eine zunehmende Verantwortung zu. Die Bonner Lehrerbildung, die mit den Fächern Englisch, Französisch, Italienisch und Spanisch sowie Latein und Altgriechisch eine Reihe der wichtigsten modernen und klassischen Schulsprachen umfasst, stellt sich dieser gesellschaftlichen Herausforderung mit dem Bekenntnis zu einer fächerübergreifenden Fremdsprachendidaktik mit fachwissenschaftlicher Grundierung. Dieser Band gibt in 18 Beiträgen Impulse für Unterricht und Lehrerbildung in den genannten Fächern. In the face of manifold global economical and cultural cross-links, international communication and intercultural understanding get increasingly more demanding. With this, the school languages as well as foreign language education carry a wider importance and responsibility. With English, French, Italian and Spanish as well as Latin and Greek, the Bonn model of teacher education encompasses the most crucial modern and classical school languages. The university meets the societal challenges with a strong commitment to an interdisciplinary departments of foreign language education and their grounding in the related academic disciplines.

Foreword by Ben Stiller Afterword by Perry Farrell Jewish achievement in the sciences? Celebrated. Jews in literature? Lionized. But until now, there's been no record of the massive contributions of Jews in Rock n' Roll. Jews Who Rock features 100 top Jewish rockers, from Bob Dylan to Adam Horowitz, Courtney Love (yes, she's half Jewish) to John Zorn, with a concise page of essential data and a biography of each one. Includes the complete lyrics to "The Chanukah Song" by Adam Sandler
