What are the builders doing today? What's happening at the building site? Find out by lifting all the flaps in this delightful board book.

This smart lift-the-flap book takes a good look inside a building site, how it works and operates, what trucks and diggers are used for. See the same building site as construction unfolds and learn about how a building (house or otherwise) is put together.

This visually exciting lift-the-flap book charts the rise of an urban skyscraper, covering every stage of its construction - from safely demolishing its predecessor to hanging glass walls forty storeys up. With over 70 flaps to lift, revealing modern construction methods and showing how different tools and vehicles are used. Informative, fun and accessible lift-the-flap book which is a fantastic source of information for children interested in construction. An extra-large format and double gate-fold help convey the dramatic scale of modern building projects. Part of a collectable series full of science and engineering marvels, including Engineering, and the Periodic Table.

This oversized board book with 40 flaps to lift and 40 Hidden Pictures® puzzles to find is also a fun story all about work on a construction site. A perfect gift for children excited about starting school and those fascinated by trucks and construction. Follow busy workers and noisy machines, including a dump truck, cement truck, excavator and more, as they build a brand-new school in this oversized board book. Every illustrated scene includes eight easy-to-lift flaps which reveal Hidden Pictures® clues. Each puzzle is specially created for younger children to help develop early skills in vocabulary, concentration, and attention to detail.

What do dinosaurs eat for lunch and what do they see every day? Lift the flaps to blast into a prehistoric adventure and find out the answer to these questions and more! Enjoy introducing your little ones to the majesty of dinosaurs with this beautiful board book, packed full of exciting discoveries.

Lift the flaps to explore all sorts of busy building sites, from a house to a bridge to a soaring skyscraper. Find out how construction machines help buildings go up - and how they knock them down.

The sounds, sights, and activity of a construction site provide for endless fascination. Packed with more than 60 tabbed moving parts to pull, lift, and explore, crammed with meticulous detail of vehicles, buildings, and techniques, here's a book that will satisfy even the most curious of kids. Whether it's building a bridge or a skyscraper, a giant ship or a tunnel, there's a wealth of color, action, and knowledge to be gleaned on each of the ten spreads of this oversized book. A wonderful companion to The Ultimate Book of Vehicles on the Spring 2014 Twirl launch list.

The #1 New York Times bestselling children's book "A standout picture book, especially for those who like wheels with their dreams." -Booklist, starred review As the sun sets behind the big construction site, all the hardworking trucks get ready to say goodnight. One by one, Crane Truck, Cement Mixer, Dump Truck, Bulldozer, and Excavator finish their work and lie down to rest-so they'll be ready for another day of rough and tough construction play! • Author Sherri Duskey Rinker's sweet rhyming text soothes little ones into a peaceful rest • Full of irresistible artwork by illustrator Tom Lichtenheld • Goodnight, Goodnight, Construction Site is the perfect read-aloud This popular, timeless nighttime story continues to delight families everywhere! • Ideal for children ages 3 to 5 years old • Great for young construction fans • This adorable hardcover bedtime book is a go-to gift for any occasion

Which plane can land on water? What's happening at the airport? Find out by lifting all the flaps in this delightful board book.

Whenever Jonathan James finds himself in a new situation, he hears his Whatif Monster asking all kind of questions to stop him trying something new: What if it's scary? What if they laugh? What if it's hard? Finally, Jonathan James has some questions of his own: What if they don't? What if it isn't? What then?
