'Convertibles' is a series of very large format story books that open up into a three metre road along which they can steer their toys as they read the story. Afterwards the whole book can be transformed into a toy in which a child can sit

This is the ultimate storybook, playmat and toy all rolled into one. Once unfolded parent and child can read the text, which describes an exciting journey through space. The bright busy illustrations are packed with colourful details such as aliens, comets and planets.

Welcome to Wimmelworld—a land of few words, yet endless entertainment—for curious kids ages 2 to 5! In these one-of-a-kind picture books, every page is bursting with life—and tons to discover! Children as young as two have a blast pointing out recognizable things—a blue tricycle, a hungry dog, a piggyback ride—while older kids can follow the star characters from page to page, telling their stories along the way. How? Wimmelbooks are virtually instruction-free, inviting kids to make their own way through the busy Wimmelworld they encounter, and to craft their own stories. First, you're introduced to a unique cast of characters who are hidden in plain sight on the pages that follow. As you seek them out, each character's storyline unfolds, but it's up to kids to interpret the scenes and create stories they think fit. It's hours upon hours of fun—and an effortless introduction to literacy to boot. Quick—there's no time to waste! Hop aboard a fire truck and follow along from the station to a forest fire to a festival as brave firefighters and other first responders go about their day in My Big Wimmelbook—Fire Trucks! ----- Wimmelbooks originated in Germany decades ago and have become a worldwide sensation with children (and adults!) everywhere. My Big Wimmelbooks is the first-ever Wimmelbook series to feature Wimmelbooks as Wimmelbooks in English.

Invites young readers to change the tow truck's tire, turn the key to start the engine, steer the wheel, weave through a traffic jam, and hook up a stalled car.

Helps young children learn about trucks with vocabulary, pictures, and questions. On board pages.

Your little one will love to discover the incredible trucks and things that go inside this bright board book. There are 100 different truck photographs to look at and talk about, and 100 truck names to read and learn, too. The pages are made from tough board for hours of fun reading, and the cover is softly padded for little hands to hold.

Invites young readers to guess which animal is driving each of seven different vehicles by taking clues from how they are dressed.
