from their community of more than 4,000 organizations. This is the book that CEOs, hiring managers, talent practitioners, and human resources leaders must read to transform their hiring and propel their organization to new heights.

When it came to attracting and managing new talent, the recruiting and staffing team within a corporation's human resources department was once regarded as transactional, administrative, and not as effective as third party staffing companies because it was usually a fairly new introduction, and the staff often consisted of junior-level personnel. Over the last 15-20 years though, thanks to the professionalization of the "corporate talent acquisition" function, there have been dramatic changes in the way top employees are found through the use of technology, tools, sophisticated recruiting techniques, and the Internet media. Unfortunately, however, the leader's role within this function has failed to evolve at the same speed, which is why Jeremy Eskenazi wrote *RecruitCONSULT! Leadership-The Corporate Talent Acquisition Leader's Field Book*, to help improve and optimize the way corporate talent acquisition professionals lead. In this frank, realistic, and forward-thinking field guide, readers will learn: Corporate Staffing leadership does not happen in a vacuum and relationships are key; regardless of budget, resources, or industry, there are always effective Corporate Staffing strategy solutions available; Corporate Staffing/Talent Acquisition leadership is an active process that must be focused; leading and managing Corporate Staffing is a distinct profession. Today, the position of recruiting leader has become

significantly more complicated due to company globalization, and rather than administrators, corporations now look to employ true talent acquisition strategists who can drive competitive value for their organization and "win" through quality employees. While laying out strategic workforce plans for future development of staffing strategies, Eskenazi's unique business approach introduces the benefits of transitioning to this new-age form of recruiting, and he hopes his readers will be relieved to discover that what could be very stressful has been diffused, broken down into solutions, and presented with humor. **RecruitCONSULT! Leadership-- The Corporate Talent Acquisition Leader's Field Book**, is the definitive guidebook for anyone who is leading (or wants to lead) a corporate recruiting and staffing function. Corporate recruiting and staffing expert, Jeremy Eskenazi, details many of the issues, concepts, and solutions to challenges a corporate recruiting and staffing leader may face including: Workforce Planning, Metrics & Economics, Building a Consultative Staffing Team, Leading a Proactive Staffing Function, Organizational Politics, The Power of Relationships, Change Management, and the Globalization of Recruiting.

Looking for jobs and careers with top American employers--the companies that are recruiting and hiring today? executives, to first time employees seeking companies recruiting entry level workers, job seekers rely on our complete profiles of the 500 fastest-growing, major corporate employers in America today--companies creating the best job opportunities. This immense reference book includes hard-to-find information, such as benefit plans, stock plans, salaries, hiring and recruiting plans, training and corporate culture, growth, new facilities, research & development, fax numbers, toll-free numbers and Internet addresses. We rate over 100 firms as "Hot Spots" for job openings and advancement opportunities for women and minorities. In addition, The Almanac of American Employers includes a job market trends analysis and 7 Keys For Research for job openings. We give indices by career type, locations, industry and much more. Whether you're a new college graduate seeking the best salaries, training and advancement opportunities, or an experienced executive doing corporate research to find companies with the best benefit plans and stock options, The Almanac of American Employers is your complete reference to today's hottest companies. Both printed book and eBook purchasers can receive a free copy of the database on CD-ROM, enabling export of employer contacts, phone numbers and addresses.

If you are looking for work, consider temporary employment a valuable source of job opportunities. As a temp, you can increase job skills and work experience, expand business networks, strengthen your resume, and avoid gaps in employment, all while being paid. Quite often, temp work can be a "job audition"

Read Online Corporate Hiring Solutions Inc

because it puts temps in front of hiring managers and decision makers for days, weeks, or even months at a time while on job assignments. The Temp Factor for Job Seekers: The Job Seeker's Guide to Temporary Employment presents how this job search strategy may get you back to work faster. Becoming a temp guarantees what a resume cannot: face time inside the doors of potential employers. With over 20 years of experience working with staffing service firms and temps, Cathy A. Reilly teaches you about the advantages, challenges, pay, and benefits of being a temp. She explains what clients and staffing services look for in effective temps, how to find and apply to a high quality staffing service, and how to distinguish yourself from the crowd. Corporate culture, job performance issues, temp assessment tools, interview questions (and answers that have impact), real-world insights and "must knows" are included in this comprehensive manual.
