Covenant Ethan Warner 1 Dean Crawford

Covenant is a very slow starter and seems to take an age for the author to set the background and introduce the characters/plot (much of which could have waited). Rather than engaging, it felt as if Crawford was lecturing, spouting facts. This book is only worth the time and effort if you intend to read the rest of the Ethan Warner series.

Another adventure featuring Ethan Warner, similar to the Dean Crawford's first book Covenant its a fast paced actioner that i can perfectly see getting turned into a movie. Featuring 140+ year old men, eugenics, some civil war, an evil old codger trying to find immortality an a nice little twist towards the end i admit i should have seen coming but didn't, so obvious when its explained!

Books by Dean Crawford (Author of Covenant)

Coupled with a headstrong police officer, Warner tries to uncover the truth, healing himself along the way. This was a thick chunk of reading but so rewarding. It did leave many questions unanswered but with more books to come I'm not disheartened. Covenant was the thrilling epic I had been waiting for.

When archaeologist Lucy Morgan is abducted after discovering an ancient tomb containing apparently extraterrestrial remains, former Afghanistan war correspondent Ethan Warner must abandon his hopes for a quiet life in order to help find her.

'Get the cameras rolling - Indiana Jones meets Alien. What a combination of mystery, suspense, and unspeakable horror. I loved it!' R.L. Stine Some monsters only exist in nightmares - others exist for real... While hunting in the Nez Pearce National Forest, Idaho, two men are just about to take a prize-winning shot when their prey unexpectedly bolts. From the forest behind them lunges a huge, horrific creature that crushes one man and tears after the other in a loping mass of rage. Just as he has embarked on a search to find his missing fiancée, Ethan Warner and his partner, Nicola Lopez, are summoned to a meeting with Doug Jarvis of the Defence Intelligence Agency at a research laboratory outside the city. There, they learn that they are being sent north to interview Jesse MacCarthy, a man accused of a double homicide. But all is not as it seems. Jesse swears blind that the other men were killed by a monster. But as Warner and Lopez dig deeper, they uncover a military secret that has been kept under wraps for generations, an experiment that went terribly wrong, and danger lurking in the highest echelons of the US government. 'Earth-shattering intrigue, hyperdrive action and a desperate race to save humanity, cranked up to the max with scarily realistic science and apocalyptic religion

'Get the cameras rolling - Indiana Jones meets Alien. What a combination of mystery, suspense, and unspeakable horror. I loved it!' --R.L. Stine Humanity has always believed it is the only intelligent species of life in the universe. But while excavating in Israel, an archaeologist unearths a tomb that has remained hidden for 7,000 years. Inside lies a secret of such magnitude that the story of mankind is instantly rewritten - and its future thrown into terrible danger. Only one man can piece history back together again. Only one man will risk everything to prevent a catastrophe that could tear the world apart. That man is Ethan Warner. 'Earth-shattering intrigue, hyperdrive action and a desperate race to save humanity, cranked up to the max with scarily realistic science and apocalyptic religion thrown in for good measure . . . a major new talent has hit the mystery thriller scene' Scott Mariani, bestselling author of The Lost Relic 'The fossilised remains of a 7,000-year-old creature dug from the sands of the Negev Desert in Israel become the bones of contention in Dean Crawford's fast-paced debut thriller... Discover the secret missions behind America's greatest conflicts. Danny Manion has been fighting his entire life. Sometimes with his fists. Sometimes with his words. But when his actions finally land him in real trouble, he can't fight the judge who offers him a choice: jail... or the army. Turns out there's a perfect place for him in the US military: the Studies and Observation Group (SOG), an elite volunteer-only task force comprised of US Air Force Commandos, Army Green Berets, Navy SEALs, and even a CIA agent or two. With the SOG's focus on covert action and psychological warfare, Danny is guaranteed an unusual tour of duty, and a hugely dangerous one. Fortunately, the very same qualities that got him in trouble at home make him a natural-born commando in a secret war. Even if almost nobody knows he's there. National Book Award finalist Chris Lynch begins a new, explosive fiction series based on the real-life, top-secret history of US black ops.

'Get the cameras rolling - Indiana Jones meets Alien. What a combination of mystery, suspense, and

unspeakable horror. I loved it!' R.L. Stine Sometimes the truth is stranger than you could ever imagine... All across America, CIA agents are being hunted down and murdered in bizarre circumstances. The deaths cause ripples of panic to spread all through the agency and the finger of blame is pointing at disappeared Defense Intelligence operatives, Ethan Warner and Nicola Lopez, and at Warner's missing fiancée, Joanna Defoe. No longer friendly with the CIA after a botched operation that put them in the line of fire, Warner and Lopez are on their own mission to find Joanna. But when their old boss, Doug Jarvis, hunts them down, they realize that they have one last chance to clear their names - find the person responsible for the murders, or be accused themselves. But the operation is far from simple, and the tentacles of conspiracy spread far wider than Warner and Lopez could ever have imagined. In fact, it's a job that looks set to send them all the way to hell and back. And hell is precisely where Joanna has been... 'Earth-shattering intrigue, hyperdrive action and a desperate race to save humanity, cranked up to the max with scarily realistic science and apocalyptic religion thrown in for good measure . . . a major new talent has hit the mystery thriller scene' Scott Mariani, bestselling author of The Lost Relic 'The fossilised remains of a 7,000-year-old creature dug from the sands of the Negev Desert in Israel become the bones of contention in Dean Crawford's fast-paced debut thriller... The Atlantia is all that remains of humanity: a former fleet frigate turned prison-ship fleeing a horrific apocalypse now consuming the galaxy. Manned by an uneasy alliance of exhausted military staff, untrustworthy former convicts and desperate civilians, the Atlantia's crew have vowed to run no more. The war has begun... But the terrifying technological horror that has consumed mankind is closer at hand than the crew realises. Answering a faint distress call from deep space, the crew are forced to confront not only their own worst nightmare, an outbreak of the Legion's Infectors aboard ship, but also an attack from the most reviled and feared species in the known galaxy, the Veng'en. Confronted by danger both within and beyond, in deep space and alone, new alliances will be forged and friendships tested to their limits as Evelyn, Andaim, Captain Idris Sansin and those who follow them face for the first time their greatest foes in open battle... Retaliator is the second volume of the Atlantia series from internationally best-selling author Dean Crawford and is 100,000 words in length. REVIEWPraise for Dean Crawford:"The fossilized remains of a 7,000-year-old creature dug from the sands of the Negev Desert in Israel become the bones of contention in Dean Crawford's fast-paced debut thriller... The book neatly threads together a wild variety of plotlines." - Wall Street Journal"... cleverly introduced premise... assured pacing and plotting..." - Publishers Weekly"The action is frenetic, in the vein of Matthew Reilly's Scarecrow series. Crawford is an able storyteller who smoothly orchestrates the plot's twists

and turns... " - Kirkus Reviews"... brilliant high-concept, high-octane thriller...." - The Guardian"A fast-paced and entertaining yarn." - Melbourne Age"Partly mythical read, part thriller this pacy tale is a page turner guaranteed to keep you up late." - The Sun "Get the cameras rolling-Indiana Jones meets Alien. What a combination of mystery, suspense, and unspeakable horror. I loved it!" - R.L. Stine "This is an amazingly good, intelligently told novel by an exciting new British author." - Eurocrime"Earth-shattering intrigue, hyperdrive action and a desperate race to save humanity, cranked up to the max with scarily realistic science and apocalyptic religion thrown in for good measure . . . a major new talent has hit the mystery thriller scene!" - Scott MarianiABOUT THE AUTHORDean Crawford began writing after his dream of becoming a fighter pilot in the Royal Air Force was curtailed when he failed their stringent sight tests. His Ethan Warner series of high-concept novels have regularly featured on the Sunday Times paperback bestseller list and have sold all over the world. A full-time author, he lives with his partner and daughter in Surrey.

The popular image of Scotland is dominated by widely recognized elements of Celtic culture. But a significant non-Celtic influence on Scotland's history has been largely ignored for centuries? This book argues that much of Scotland's history and culture from 1100 forward is Jewish. The authors provide evidence that many of the national heroes, villains, rulers, nobles, traders, merchants, bishops, guild members, burgesses, and ministers of Scotland were of Jewish descent, their ancestors originating in France and Spain. Much of the traditional historical account of Scotland, it is proposed, rests on fundamental interpretive errors, perpetuated in order to affirm Scotland's identity as a Celtic, Christian society. A more accurate and profound understanding of Scottish history has thus been buried. The authors' wide-ranging research includes examination of census records, archaeological artifacts, castle carvings, cemetery inscriptions, religious seals, coinage, burgess and guild member rolls, noble genealogies, family crests, portraiture, and geographic place names.

When a county coroner goes missing after autopsying a body that was shot with a Civil War bullet, former war correspondent Ethan Warner and his partner, Nicola Lopez, conduct a discreet investigation that uncovers the workings of a twisted killer who is pursuing immortality. By the author of Covenant.

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The

planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.
